## HUNT STAR ARBUCKLE WITNESS

Grand Jury Recedes Without Action On Indictment of Comedian

### WOMAN IS SOUGHT BY DISTRICT ATTORNEY

Sinister Influence Blamed by Brady as He Says Testimony Shifts

SAN FRANCISCO, Sept. 13.—Outstanding developments today in the case of Roscoe ("Fatty") Arbuckle, charged with the murder of Virginia Rappe, movie actress, were: The grand jury adjourned shortly after 1 a. m. without voting an indictment of the comedian.

District Attorney Mathew Brady was gathering new evidence against Arbuckle and said he would lay the case before the grand jury for a second time within a few days.

The coroner's inquest, which began yesterday afternoon, was resumed, after the first session had been taken up with the testimony of the physicians who had attended the dying actress.

District Attorney Brady early today made charges that one of the state's star witnesses had changed her testimony and that another had disappeared.

At today's session of the coroner's jury, Arbuckle's defense scored an important point when Mrs. Bambina Maud Delmont, the actor's accuser, gave testimony which indicated that Arbuckle had not dragged Miss Rappe into the hotel room adjoining the one in which the party was held—previous statements attributed to Mrs. Delmont to the contrary notwithstanding.

Can Be Tried  
In spite of the delay in securing grand jury indictment, the murder complaint against Arbuckle—sworn by Mrs. Delmont—still stands and Arbuckle can be brought to trial on it even if the grand jury refuses to return an indictment.

By advice of his counsel the famous comedian flatly refused to utter a word when called before the jury. He was in the grand jury room only two minutes.

The fact that the jury failed to indict Arbuckle on the strength of the evidence already presented, even though the actor himself refused to testify, was held by his attorneys to be a decided factor in his favor.

Mrs. Delmont was before the grand jury an hour and fifteen minutes. The second witness was Al Semmacher, Miss Rappe's manager. Zey Puyvion, show girl, was called to testify that Arbuckle dragged Miss Rappe into his bedroom. The physicians who were called repeated testimony they had previously given to Coroner Leland, touching on the injuries that had caused death and bruises on the body.

"Our case is still being built up," Brady said, when he came to his office early today. "We are on the trail of new evidence, which will strengthen it greatly."

To Probe Alleged Orgies  
It was understood that some of this "new evidence" was expected to come from Los Angeles, where the public morals commission was said to be investigating alleged orgies in the Hollywood motion picture colony.

Brady, in a worded statement, after the grand jury session adjourned declared that "I am convinced that undue influence and pressure of a sinister character has been brought to bear."

He declared it "has always been easy to convict a poor man."

He alleged that Miss Puyvion, counted as one of the chief witnesses against Arbuckle, had told

All three are Russians. Through the state department, the government has taken up with Soviet officials the question of reception of the three prisoners if they are released and deported.

### Four Convicts Foiled In Move To Flee Prison

JEFFERSON CITY, Mo., Sept. 13.—Three prisoners from Kansas City were shot, one was wounded seriously, and two prison guards were beaten seriously when four convicts at the Missouri state penitentiary made a wild attempt to escape today.

Shots were exchanged between the convicts and guards after the former beat up two guards, used another for a shield and sought to dash out of prison gates that had been opened to let in a train of coal. All four convicts were recaptured. Dick Kennedy, 42, sentenced for robbery, was wounded most seriously of the convicts.

### ATHLETIC CLUB DROPS ARBUCKLE FROM ROLLS

LOS ANGELES, Sept. 13.—Roscoe Arbuckle's name has been dropped from the membership roll of the Los Angeles Athletic club, by order of the board of directors, it was announced by the officials of the club.

"We do not want that kind of men in the club, for we do not care to associate with that class," declared President W. M. Garland.

Arbuckle's furniture was attached to the California Furniture company for a bill of \$6,500. A guard has been placed at Arbuckle's mansion by the sheriff's office to see that the furniture is not removed.

### CHAPLIN 'PUTS ONE OVER' FASHIONABLES

LONDON, Sept. 13.—Charlie Chaplin was chuckling today over the one he "put over" on a fashionable London audience in Covent Garden Opera House last night at the Beckett-McCormick fight.

The enterprising management offered 100 pounds to the first person to identify the comedian, but Charlie sat through the fight undetected. He was disguised as a woman.

gation into the activities of a certain small coterie of movie people who were alleged to have been guilty of various forms of perversion.

"Girls have been attacked at these parties, but the facts have been hushed up."

"It has been charged that the men in this gang have been guilty of just such attacks as the one Arbuckle is alleged to have made. In all these cases our investigations show that hop and booze were at the bottom of the assaults."

## Bare War Risk Theft Plot

### WAR OPENED ON MOVIE COLONY 'HIGH SPEED' SET, CLAIM

United Press Leased Wire

LOS ANGELES, Sept. 13.—War was declared today on "a small but noisy minority" of the motion picture colony which "drives high speed motor cars to high speed drinking places" and "supplies material for gossip and scandal reflecting on the great army of well behaved, honest, sincere, generous, kindly people."

Ben B. Hampton, former magazine publisher, now producing motion picture plays, was the spokesman for the reform element in the movie industry.

Hampton, confined to his bed, penned a statement on the Arbuckle case.

Aside from Hampton, it was almost impossible to secure any comment from the movie colony on the difficulties in which the once jovial Arbuckle had found himself.

"I don't care to discuss the case," was the refrain sung everywhere. The business community joined in. Even press agents, for the first time since the memory of man runneth, refused to talk for publication.

Hits Careless Criticism  
"Many persons, in their hot resentment of conditions that have made tragedy possible, may be prone carelessly to criticize the entire industry," declared Hampton. "Such an attitude would be unfair and unjust in the extreme."

"The motion picture colony has suffered for years because of a small minority of black sheep. Men and women who knew the personnel of the colony knew fast sets form only a small percentage of the whole profession, but, unfortunately, these speedy individuals keep themselves in the public eye constantly and the public thoughtlessly draws conclusions that are completely at variance with real truth."

"The overwhelming majority of picture workers live quiet, decent lives."

"A small but noisy minority drives high speed motor cars to high speed drinking places and supplies material for gossip and scandal reflecting on the great army of well behaved, honest, sincere, generous, kindly people."

Sees Profound Change  
"Within the past two or three years a profound change has been slowly and steadily working in the movie colony. Players, directors and other film people are buying homes, rearing families, joining churches, engaging in charitable work and in general social and philanthropic activities."

"This awful affair at San Francisco has shocked every one. Overwhelming comment in the studios today is one of horror and disgust, at the disgrace brought upon the industry."

"There is no doubt that from this day forward the noisy, high speed, careless, unthinking minority will conduct itself more carefully than it ever has before."

"The great majority of intelligent, thoughtful, careful men and women, in the studios, are now so deeply aroused they will exert their influence to the utmost to see the black sheep are cut out of the flock."

"The minority must change its habits or seek new fields of employment."

"The picture colony will take advantage of this terrible tragedy to clean house, and it will clean house thoroughly in order to protect its own families from the stigma brought on all by the acts of a few members."

"There is no question as to this statement, being representative of the thought of 90 per cent of the responsible producers, players, directors and technical people today."

Hampton appealed for fairness toward the "sober-minded, responsible majority of the motion picture industry, and concluded:

"During the past year the greatest reform since the abolition of saloons has taken place in motion pictures. Doubtful pictures have been driven from the screen by acts of producers, players and directors themselves."

"The industry has cleaned house of doubtful pictures."

"It will clean its house of doubtful personalities."

ARBUCKLE'S WIFE WILL 'STICK BY HIM'

NEW YORK, Sept. 13.—Minta Durfee, former movie star, and wife of Roscoe Arbuckle, issued a statement today while preparing to leave for San Francisco tomorrow, declaring her determination to "stick by him to the finish."

### Tax Dodgers Robbing U. S. of Billion Yearly, Claim

WASHINGTON, Sept. 13.—Tax dodgers are getting away with more than \$1,000,000,000 every year that ought to go into the United States treasury.

That's one reason, treasury officials and members of congress admitted today, why the rest of the American people are called on to bear such heavy tax burdens.

It is also the reason congress proposes certain changes in the tax law, to plug tax leaks through which millions of dollars yearly are lost.

If Uncle Sam could collect every year what he loses because of "tax free securities" he would have \$700,000,000 to \$1,000,000,000 less on taxable securities.

It is variously estimated that there is about \$4,000,000,000 outstanding. The government can't touch this with its taxing power because of a constitutional limitation on its authority.

### LANSING WILL TAKE INDIRECT PART IN ARMAMENTS PARLEY

WASHINGTON, Sept. 13.—Former Secretary of State Robert Lansing, one of President Wilson's delegates at the Versailles peace conference, will participate indirectly in the Washington armament and Far Eastern conference.

Chinese Minister Sze said today that Lansing would act in an advisory capacity to the Chinese representatives at the conference.

For some months Lansing has been American counsel of the Chinese legation, Sze said. Other Americans will assist the Chinese, he added.

### Johnston, California Star, Is Winner from Yonkers Net Man

GERMANTOWN CRICKET CLUB, PHILADELPHIA, Sept. 13.—William M. Johnston, of San Francisco defeated Vincent Richards, of Yonkers, in the all-comers' national singles championships this afternoon.

The California came from behind and after Richards had taken the first two sets, captured the match by taking three sets in a row.

Richards was wobbly when the fourth set started after a fifteen minute rest in the clubhouse. The scores of the match were 2-6, 3-6, 6-3, 9-7, 6-2.

In the final set, Richards' service was erratic and he lost the first game on his own service.

The Californian seemed to be much stronger than his youthful opponent and kept after him with a relentless attack that carried him through the second game with ease.

Richards rallied on his own service and won the third.

### SALT LAKE TELEGRAM EDITOR QUILTS POST

### DR. BRUMFIELD SEEKS TO BREAK JAIL, WORD

### Special Subscription Rates

During the period of the Circulation Building Contest, announced elsewhere in this paper, The Register will make a special rate on paid-in-advance subscriptions as follows:

For one year, or any number of years up to five, \$6.50 per year by carrier; \$6.00 per year by mail.

For six months, \$3.50 by carrier; \$3.25 by mail. These rates effect savings as follows:

Those now paying 70 cents per month, by paying a year or more in advance save \$1.90 per year; by paying six months in advance, they save \$1.40 per year.

Those now paying at the rate of \$7 per year or \$3.75 for six months, in advance, get a reduction of 50 cents per annum.

The principal object in making these special rates is to make it worth your while to pay in advance and thus save us the tremendous amount of work and heavy expense involved in making out thousands of bills and calling on thousands of subscribers every month. Besides saving money, the subscriber obviates the annoyance of having a collector call once or more every month.

### FORMER BUREAU WORKERS HELD IN \$250,000 CONSPIRACY

United Press Leased Wire

WASHINGTON, Sept. 13.—A big conspiracy, in which it is alleged five former employees of the war risk insurance bureau stole \$250,000 from the federal government and ex-service men, was uncovered here today by a federal grand jury.

Five men were indicted and charged with conspiracy. They were:

William F. Saulsbury and David W. Griswold, now serving a prison sentence for conviction under a similar charge a few months ago; Tenola Graves, Ben F. Taylor and Daniel O'Keefe.

### "30" BULLETINS

SAN FRANCISCO, Sept. 13.—Miss Alice Blake, missing witness in the Arbuckle case, was brought into the hall of justice toward the end of this morning's session of the coroner's jury. Police and District Attorney Brady questioned her. According to the authorities, she had mysteriously disappeared last night shortly before the grand jury session began.

LOS ANGELES, Sept. 13.—"The statement is a lie. It is the clever concoction of a newspaperman's brain," declared Arthur C. Burch today in denying the published statement that he had confessed to a reporter that he killed J. Belton Kennedy.

Paul Schenck, attorney for Burch, declared he would issue a statement in answer to the newspaper story. Burch seemed not to be worried over the sensational turn in the case. "I do not believe Arthur made any such statement," declared Mrs. Madalynne Obenchain, who is accused jointly with Burch. "I believe the story to be but circumstantial evidence woven around the facts and fancies manufactured in the district attorney's office."

### PHILADELPHIA, Sept. 13.—"Big Bill" Tilden and "Little Bill" Johnston, America's Davis cup heroes, survived the first critical round of the national singles tennis championships here this afternoon.

Tilden completely outplayed the Japanese star Zenzo Shimidzu, in one of the best matches of the third round in eliminating him from the play in straight sets, 6-4, 6-4, 6-1. Johnston drew a gigantic battle against the youthful Vincent Richards, the Fordham college boy. Johnston, after losing the first two sets, came back and defeated Richards, 2-6, 3-6, 6-3, 9-7, 6-2.

VAUCOUVER, B. C., Sept. 13.—The steamer Canadian Importer, reached Victoria today, being towed in by San Francisco tugs, the Sea Lion and Sea Monarch.

### Society Girl Slain; Boy and Mother Jailed

### Mellon Routed as Solons Act

WASHINGTON, Sept. 13.—Repeal of the excess profits tax on January 1, 1922, was decided on today by the senate finance committee.

This action, which had been expected, marked a complete defeat for Secretary of the Treasury Mellon, who wanted the repeal retroactive to January 1, this year.

### Alleged 'Bluebeardess' Calm as Murder Charges are Read

TWIN FALLS, Ida., Sept. 13.—Quietly, without a tremor, Lydia M. Southard faced the court this morning when her name was called, and when asked if her name was Lydia Southard, which is the way it appears in the information, she answered in a soft voice in the affirmative. Once during the reading by Judge W. A. Babcock of the charges, she bit her lips in a nervous manner, but for the rest was outwardly calm.

The information confines itself to the charge, in substance, that on or about September 7, 1920, Edward F. Meyer, Mrs. Southard's fourth husband, came to his death by means of poison administered by the defendant. No intimation of a previous marriage is made.

When the clerk had finished reading and had handed her a copy of the information, Judge Babcock informed her that she had twenty-four hours in which to plead. Her leading attorney, W. P. Guthrie, arose to say that they would take the statutory time of 24 hours and Judge Babcock told them to be back at 10:30 tomorrow.

### Burch Denies Alleged Confession in Kennedy Murder Case

LOS ANGELES, Sept. 13.—Arthur C. Burch today denied in its entirety the confession he is alleged to have given Chandler Sprague, newspaper reporter, as published in a three-page copy-righted article by a morning paper here, in which Burch was quoted as having admitted that he killed J. Belton Kennedy.

"Arthur Burch has practically hanged himself by this confession," declared Assistant District Attorney Asa Keyes.

"The district attorney's office believes the confession is true," declared Keyes. "We have known of it for two or three days."

Malcolm McLaren, special investigator for the prosecution, said:

"We are going to search the lake at West Lake park as soon as possible in an effort to find the shotgun that Burch said he threw there after the murder."

### COAL MEN ASK SENATE DELAY SIFTING 'WAR'

### TRINIDAD ELKS' HEAD IS FATALLY WOUNDED

Stowe, Hawl and several women were said by police to have been out all night. Stowe was shot when he and Hawl quarreled about an alleged insulting remark Hawl was said to have made to one of the women.

Hawl shot Stowe with an old-fashioned Derringer pistol after he is said to have chased his victim around the car several times.

### HERO'S FUNERAL HELD TODAY AT FULLERTON

FULLERTON, Sept. 13.—Garden Grove and Fullerton residents joined this afternoon in funeral services for Jesse L. Foster, Garden Grove hero who fell in battle in the Argonne Forest. The services were held at the Seale undertaking parlors at Fullerton at 2 o'clock, with the Rev. Harkness, pastor of the Methodist church at Garden Grove, officiating.

The funeral was under the auspices of Fullerton post, American Legion, with the posts at Brea and Anaheim assisting. Representatives of the G. A. R. and auxiliary orders were present.

The beautiful oak casket was draped in the Stars and Stripes. The body has been at the undertaking parlors since its arrival from Hoboken a few days ago. A military guard has been posted day and night.

Friends of the family residing in the two places thronged the parlors during the funeral. The floral contributions were numerous.

At the conclusion of the funeral services a funeral cortege was formed and the procession moved down Spadra to Commonwealth and west on Commonwealth to the highway to Artesia, where the body was interred. Vernon Myers and H. S. Warner, county motorcycle officers, headed the procession. While the cortege was moving through the streets of Fullerton, business houses were closed. The city hall was closed during the funeral hour.

Garden Grove merchants were scheduled to suspend business from 3 to 4 o'clock in memory of the hero.

### MAN'S CONDITION SERIOUS; CASE IS NOT HEARD TODAY

Because of the precarious condition of Sabina Gonzales, 25, Mexican deaf mute, who sustained a fracture of the skull when he was pushed off a sidewalk in front of an Anaheim poolroom about three weeks ago, the preliminary hearing of Paul and Joe Montijo, of Anaheim, charged with assaulting Gonzales with intent to commit murder, was not held this morning as scheduled.

Justice of the Peace Sox continued the case to October 20 at 2 p. m. Dr. H. E. Zaiser, superintendent of the county hospital, informed Deputy District Attorney Roland Thompson that it would be at least a month before Gonzales could appear in court, if ever.

Dr. Zaiser stated today that while the Mexican's condition has improved considerably in the past 24 hours he still is in a critical condition and there is little hope of his ultimate recovery.

Gonzales is said to have taken a dislike to the Montijo brothers and they resented his alleged hostile advances. One of the brothers is said to have struck him on the head with the butt of a revolver and the other is said to have pushed him over.

Gonzales' head struck the pavement when he fell and his skull was fractured at the base of the brain. He was unconscious for several days.

### NEW BORN BABE FOUND DEAD ON CHURCH STEP

SACRAMENTO, Sept. 13.—The body of a new born baby girl was found on the steps of the Methodist church here today. The body was wrapped in a San Francisco newspaper and bore the note: "Please bury me."

### MORE CITIES PLACE BAN ON ARBUCKLE FILMS.

NEW YORK, Sept. 13.—Comedy films starring Fatty Arbuckle continued to be thrown into the discard throughout the country today.

While the state censorship board in New York city declared itself powerless to act, individual theaters united in barring Arbuckle pictures here.

Mayor Moore directed the department of public safety in Philadelphia to prohibit the comedian's films there on the grounds they would "offend public morals."

Exhibitors in Chicago, Toledo, Wilmington and Los Angeles have voluntarily cancelled Arbuckle's pictures and the police or censorship boards in Jersey City, Memphis, Providence and throughout Michigan issued restrictive orders.

Norfolk barred the Arbuckle pictures and Columbus, Ohio, planned to take similar action.

### DEER SEASON IS TO OPEN SEPTEMBER 16

The open season for deer in game district number four, of which Orange county is a part, opens Friday, September 16, and not Thursday, September 15, according to a statement today by County Game Warden W. E. Adkinson.

"Many hunters have the impression that the season opens on the 15th inst.," said Adkinson today. "It probably is due to a misunderstanding."

"Deer are not very plentiful in the mountains of Orange county," continued the game warden. "They are more or less plentiful in the game preserves in the Cleveland forest preserve, but these are safe from hunters, except as they might stroll outside the limit of the game preserve."

"The north boundary of the game preserve in the national forest is Ladd canyon, the south is San Mateo canyon, and the west and east boundaries are the forest lines."

The diploma was presented in a black leather case, with the name of the graduate in gold leaf on the cover.

Miss Smith will take up private nursing in Santa Ana and vicinity.

### DEFENSE SCORES IN S. F. DEATH PROBE

(Continued from Page One)

one story in her affidavit to the police and when called before the grand jury had "changed her testimony."

"We have sent Miss Puyvion home under surveillance," he declared.

In addition to the alleged incident of Miss Puyvion's testimony, according to Brady, Miss Alice Blake, who stood probably next to Mrs. Bambina Maude Delmont and Mrs. Jean Jameson, nurse, as the state's chief witness, "has mysteriously disappeared from her home in Berkeley."

The district attorney claimed he had learned that Miss Puyvion was in possession of a ticket to Alabama.

To Sift Boze Source  
Thomas A. Brown, assistant state prohibition director, announced that he would question Arbuckle today, if possible, on the booze angle of the case. Brown said he wanted to learn where the liquor served at the Arbuckle party came from. St. Francis hotel officials already had denied that they supplied the liquor for the party.

Brown also conferred today with Forest Mitchell, state prohibition director, relative to a statewide probe of liquor sold to be in the hands of certain members of the Los Angeles movie colony.

The defense today for the first time showed its hand to the extent of revealing an outline of Arbuckle's defense. This will include three probable points:

- 1.—That Arbuckle did not criminally attack Miss Rappe.
- 2.—That he did not take her into his bedroom against her will and what ever occurred there took place with her consent and without force or violence.
- 3.—That no action of Arbuckle's caused the intestinal injuries which resulted in the girl's death, and that her death was due to improper diagnosis of her illness or to improper medical treatment.

Adjournment of the morning session was taken at 12:25 p. m. to resume at 1:30 this afternoon.

Defense Scores  
Because Mrs. Delmont testified that Arbuckle followed Miss Rappe into the bathroom of his St. Francis hotel suite and later closed the door, instead of "dragging" her in, as she previously charged, and because Mrs. Delmont described Miss Rappe as tearing off her own clothes, whereas she had previously charged that Arbuckle did this, Arbuckle was conceded to have come out the victor in the second day of the inquest.

### ANAHEIM LUTHERAN CHURCH ASKS BIDS

ANAHEIM, Sept. 12.—The board of trustees of Zion Lutheran church today were advertising for bids for the erection of a church edifice at the corner of Chartress and Emily streets under plans that have been revised by the architect.

Bids were submitted on the original plans, the sum being about \$20,000 in excess of the building fund, which is around \$30,000. The architect was directed to make alterations to bring the cost down to within the amount of the fund. The principal change was elimination of a basement for the structure. Bids will be opened at 2 o'clock, September 20.

### SEEKS CONTROL OF MOTHER'S ESTATE

Declaring that she is the sole heir to two Huntington Beach lots owned by her mother, Mrs. Harriet E. Williams, deceased, Mrs. Hattie G. Lester today took the stand in Department No. 2 of the superior court and contested the appointment of Charles D. Brown as the administrator of the estate.

Mrs. Lester asks that the letters of administration granted to Brown some time ago be revoked and that she be declared sole administrator of the estate.

A petition filed by Mrs. D. G. Wetlin, wife of an Orange attorney, asking the court to compel the conveyance of the two lots at Huntington Beach also was before the court.

Mrs. Wetlin asserts that she entered into an agreement with Mrs. Williams in October 1919, whereby Mrs. Williams was to sell her the lots.

Mrs. Wetlin's petition recites that she paid all of the stipulated sum for the lots except \$600. She claims that she endeavored to pay that but was prevented from doing so by relatives of the deceased.

The \$600, representing the unpaid money on the lots, was placed in escrow in a Huntington Beach bank, according to Mrs. Wetlin. She still is ready to turn the money over for a clear title to the lots and is now asking for a specific performance of her agreement with the deceased.

Mrs. Lester, who, it appears, has changed her address several times and who, according to District Attorney Nelson, has allowed considerable time to elapse before contesting the appointment of Brown as administrator of the estate, is seeking to prevent the sale of the lots.

Application blanks that were filed in by Santa Ana Musical association members for reserved seats at the coming season's concerts, have been mysteriously lost, which accounts for the reason that the blanks have not been returned to the applicants with the instructions to call for their tickets. In order to still get their choice of seats, applicants are asked to file new applications with Harry Warner at the Orange County Trust and Savings bank, as soon as possible, as after next Monday, the ticket sale will be opened to the public.

It is believed that a burglar made an effort to enter the W. H. Spurgeon home at 1617 North Main street last evening about 8:30 o'clock. A maid was at home alone with the children, and had retired early. The doors were locked. The maid heard someone trying the doors. She immediately telephoned to Spurgeon at his store, and he reached his home as quickly as possible. The would-be burglar, however, had gone, probably alarmed when he heard the maid at the telephone.

A. J. Crookshank, Judge Z. B. West, Lew H. Wallace and F. E. Farnsworth have returned from their two weeks hunting and fishing expedition in Tehama county. The men report a splendid time but had little luck with deer for the most part. Farnsworth, however, got the limit—two—the only one of the party to get any of the bucks. The men spent their time in the Sierra Nevada range about 50 miles from Red Bluff.

A card from J. N. Osborn, dated Hutchinson, Kansas, Sept. 10, says: "Please discontinue the Register you are sending to Ida N. Osborn, Winfield, Iowa. We are on the home-ward journey. Will stop at a few more places and then start for Santa Ana, which will sure look good to us."

C. E. Dessery, Santa Ana representative of the Aetna Life Insurance company, was in Los Angeles this afternoon and tonight will attend the banquet at the Ambassador hotel to be given in connection with the convention of insurance men. He will be a guest of the Los Angeles office of the Aetna.

Interest in the evangelistic meetings now current at the tent, Bush and Second streets, is shown in the increased attendance, according to Robertson and Williams, the directors. The attendance on the fourth night was 250 as against 78 the first night. The meetings convene at 7:30 p. m. and are featured by vocal and instrumental solos.

At the annual meeting of the Southern California Editorial Association to be held in the Chamber of Commerce rooms, Los Angeles, September 26, 1921, a number of good speakers are slated. It will be a one-day session, commencing at 9:30 a. m. The afternoon session will convene at 1:30 p. m. Several Orange county editors will attend.

A. E. Koepsel today received his commission as major of the second battalion, 160th Infantry, N. G. C. He recently was appointed to the rank. He will be succeeded as captain of Co. F, N. G. C., by Lieutenant Jess Elliott, who is already expecting to receive his commission.

Interest in tonight's meeting of the Santa Ana Camp No. 7578, Modern Woodmen of America, has reached a high pitch today due to the fact that Ben Goodheart, recently appointed state deputy, will be the guest of honor. His appearance here will be the signal for the opening of the lodge's fall membership campaign here.

A. W. Armstrong, secretary of the Seal Beach Chamber of Commerce, has announced that the proposed bathing girls revue, that had been set for Seal Beach next Sunday, has been called off. "We could not get proper interest, owing to the lateness of the season," said Armstrong.

A number of Santa Ana Rotarians and Kiwanians are counting upon attending an indoor baseball game to be played between Anaheim Rotary and Kiwanis clubs on the Anaheim Union high school grounds tomorrow afternoon at 4:30 o'clock.

## OUTLOOK FOR BEAN MARKET OPTIMISTIC

At the annual meeting of the California Lima Bean Growers' association, held in Oxnard yesterday, R. L. Churchill, manager of the association, gave a report on marketing conditions.

Churchill has just returned from an extensive tour through the East, in which he investigated bean marketing conditions and outlook thoroughly. He reports that the outlook in the South is not so good because of the low price of cotton and the fact that the planters of the South have reduced their cotton acreage, but the outlook for the bean crop is nearly a failure because of hot winds, but marketing conditions should be good because of the need of a cheap food. Since the boom in the cotton market, following his visit to the South, Churchill seems to be more optimistic about the outlook in the South.

Seek New Tariff on Beans  
On his way to New York Churchill stopped in Washington, D. C., to put before congress a bill calling for a bean tariff. Owing to the lateness of the session he was unable to do a great deal on this bill. However, it will be pushed in the future.

Through the North conditions were more favorable. In New York city the Jews are the largest consumers of lima beans per capita of any part of the United States. Through the steel districts of Pennsylvania conditions were good because of the need of cheap staple food.

No Old Stock on Hand  
As a whole, the general market conditions are fair and the association finds itself in good shape to handle their business this year because they have none of the old stock on hand from last year.

The total acreage of big lima beans in the state is about 9,000 acres, which will yield about 750,000 100-pound bags. The acreage planted to two limas about 15,000 acres and will give an approximate yield of 150,000 100-pound bags. The crop will be placed on the market at prevailing prices, which are \$5.65 to \$6 a bag f. o. b. cars, California.

### STRENGTH SHOWS IN N. Y. STOCKS

NEW YORK, Sept. 13.—The Sun's financial review this afternoon said: "While price changes in today's stock market were not uniform in movement, there was no weakness in any quarter. On the contrary, a good deal of strength developed in various groups and miscellaneous issues at intervals. Baldwin Locomotive was particularly in demand and readily sold up to 48, a three point gain. Mexican Petroleum achieved an advance of four points to the neighborhood of 118."

"It was agreed that the market gave an excellent account of itself notwithstanding the fact a reversal a few weeks back would have started the bears selling short without the slightest hesitation. Bonds were active and the liberty issues were bid up in good form. Cotton went through a session of minor fluctuations, at times with much pressure on the nearer months, but final quotations were 15 to 40 higher."

"Chicago wheat closed 2 to 3 cents a bushel up."

NEW YORK STOCKS  
NEW YORK, Sept. 13.—Irregularity prevailed in the general list of stocks in the first hour's trading on the New York Stock Exchange today.  
United Drug broke to its old low of 46 1/4 at the opening, following the action of directors in passing the common dividend.  
Constructive features of overnight news helped to strengthen certain stocks, especially oil, on the report that an international banking group would float a loan for Mexico.  
Steel Common, Baldwin Locomotive and Studebaker were among the weak stocks during the early trading.

Opening prices included:  
Mexican Petroleum, 114 1/2, up 3-8; Reading, 70 1/4, off 1-4; Bethlehem "B", 64 1/2, up 1-2; Chrysler, 47 1/4, up 1-4; Crucible Steel, 61, off 3-8; Asphalt, 51 3/8, up 1-2; Anaconda, 38 3/8, up 3-4; U. S. Rubber, 48 1/2, off 7-8; Southern Pacific, 78, up 1; Canadian Pacific, 112 1/4, unchanged; Union Pacific, 110, up 1-8; Utah, 50, up 1-8.

The entire industrial list rallied around noon. Baldwin was advanced to 88 3/8, a recovery of over two points, and similar rallies were manifest in other speculative stocks which were under pressure Monday.

Mexican Petroleum got back to 115-1/4 and Studebaker to 77 1/4. The market closed irregular.  
Closing prices:  
U. S. Steel, 78 7/8, up 1-4; Baldwin, 88 3/8, up 2 7/8; Mexican Petroleum, 117 3/4, up 3 5/8; Pierce-Arrow, 13 1/4, up 5-8; Reading, 72 3/4, up 2 1-4; Great Northern preferred, 48 3/8, up 2 1-8; Crucible, 63 1/2, up 2 1-8; Studebaker, 77 1/2, up 1 3/8; U. S. Rubber, 50 1/4, up 3-8; Northern Pacific, 78 1/2, up 1-2; United Drug, 50, up 2.

FOREIGN EXCHANGE  
NEW YORK, Sept. 13.—Foreign exchange showed a slight advance today over yesterday's close. Sterling \$2.75-1/2; francs, .0732; lire, .0427; marks, .1004 1-2; Danish kronen, .1780.  
Demand sterling touched \$2.71 1-2 at the close. Francs, .0720; lire, .0423; marks, .0992 1-2; kronen, .1770.

### Chaffee's Anniversary Sale-Sept. 10 to 30

## CONCRETE MIXER ON CURTIS JOB STARTS

With the new concrete mixer gradually "slipping into high" and the working force becoming more accustomed to details of handling and placing concrete, the George R. Curtis crew and equipment on the North Main street paving job today were making fair progress in pouring concrete on the west side of the street, north of Seventh.

Only the five-sack mixer is now in operation. It is a brand new machine. The crew is now to the work. The combination made the first day's progress on the paving job slow.

Less than a block was completed yesterday, the first day of operation of the mixer. The pavement is seven-inch concrete, reinforced. The reinforcement with steel rods makes the pouring a little slower, perhaps, than it would be otherwise.

It is expected that a three-sack mixer will be started to work on the east side of the street Thursday morning, operation being delayed until the crew on the other side is some distance ahead of the starting point. There would be more or less confusion with the two crews working side by side on opposite sides of the street, it is said.

Many property owners on North Main interested in the work were close observers of operations yesterday and today.

The three blocks from Fourth to Seventh have been completed by the contractor, Steele Finley, and were open to traffic today. The pavement on the three blocks is six-inch concrete base and two-inch top surface.

Contractor Curtis expects to complete pouring concrete to the north city limits within the next thirty-five days, if conditions do not arise that will cause delay.

## HEIL TELLS OF CONVENTION OF ROTARIANS

Bringing to his fellow Rotarians something of the inspiration he received through attendance at the national convention of Rotary clubs at Edinburgh, Scotland, Charles F. Heil was today the speaker at the weekly luncheon of the Santa Ana club.

Heil reviewed some of the high lights of the great convention.

The local club today gave a rousing reception to C. A. Gustlin, pianist for the club, upon his return from a 4,000-mile automobile trip. Today Elmer E. Jahraus of Laguna Beach was formally received into membership in the club. In a concise and sincere address, William H. Spurgeon, president of the club, presented the obligations.

The club pledged its support to a plan for a Boy Scout demonstration to be given in Santa Ana in October. A committee is to be appointed to have charge of a concession and to aid in making the demonstration a success.

O. M. Robbins was chairman of today's meeting.

### MERCHANTS SIGNING EXHIBIT CONTRACTS

Merchants of Santa Ana are rapidly signing up contracts for making exhibits at the Greater Santa Ana exposition to be held in Santa Ana the week of October 8-15, according to Bob Cavenagh, who is canvassing the business houses. Cavenagh has established headquarters at 104 West Fourth street.

"The exposition this year will be larger and better than the first, held here last April," declared Cavenagh. "The tent will be larger and the entertainment features will be different. There will be more displays."

### Let's WIN This Season

We'll have a winning foot ball team this season if we go to it now, equip ourselves perfectly and WORK. The best foot ball on earth in our estimation is the Wright & Ditson Official Intercollegiate Foot Ball. The world's record drop kick was made with this ball. This season there is a new lace patent. Heretofore the method of lacing foot balls has been troublesome and clumsy. With the new Wright & Ditson you have a perfectly smooth ball, inside and out.

New price \$10

This season we show a splendid line of Head Harness at from \$2.50 to \$8.00. Shoulder pads, knee guards, elbow guards, shin, nose and back guards, all at the most reasonable prices. We want to talk the foot ball season over with the players.

### Making a Success of Basket Ball

A successful basket ball team must be built up from the ground. The only way of having a successful team next year and the years following is to encourage and develop the material among the younger students. Let's start early.

The Wright & Ditson Official Basket Ball is recognized and accepted as the Standard ball for the United States. Made from the first quality pebble-grain leather, tanned especially for this use. Stitched with extra waxed linen thread, lockstitch style, packed in sealed box with rawhide throng lacing, lacing all flaws in either workmanship or material. The best ball ever offered in America for \$15.

We have other Basket Balls as low as \$4.00. These are all worth the money as practice balls and will stand up under the hardest service.

Official Basket Ball Goals, extra light and strong with detachable nets, guaranteed against breaking, at from \$7.50 to \$9.00.

We are anxious to see some fine players develop in Orange County.

San Antonio reported 49 bodies recovered and 14 missing.

Taylor and immediate vicinity reported 35 dead. Most of these were Mexicans.

Thordale reported 45 Mexicans dead, all of whom have been recovered.

Alligator, 7 dead, five Mexicans and two whites.

## REPUDIATES CHICAGO SLAYING CONFESSION

CHICAGO, Sept. 13.—Leon Parks, automobile mechanic, who last night confessed he aided Harvey W. Church in the murder of Bernard J. Daugherty and Carl A. Ausmus, Packard Motor Car company salesmen, today repudiated his confession. When taken before Assistant State's Attorney Charles Wharton, he refused to affix his signature to the document.

"I was forced to say I was implicated," he said. "I won't sign now because it's all a lie."

Church also named as an accomplice another man whose identity was not revealed.

Police had given out Parks's alleged confession, in which he said he had lain in wait in the house and that when Church and Daugherty arrived there he had assisted Church in forcing the salesman to walk into the basement, where he helped Church beat Daugherty to death.

"We did the same thing with Ausmus, who had been waiting outside in the car and who came in to find out what was detaining Daugherty," Parks said in his alleged confession, according to police.

After the coroner's inquest yesterday, following which the accused Church, the latter was rescued by police from a threatening crowd of several hundred jeering persons.

## \$10,000,000 YEARLY SAVING TO SHIPPERS IN RAIL RATE SLASH

WASHINGTON, Sept. 13.—Railroad rate reductions on livestock shipments in the Middle West territory between the Missouri river and the Rocky mountains, which will save shippers \$10,000,000 annually, were approved by the interstate commerce commission today.

## NEW LIBERAL PARTY IS PLANNED IN N. Y.

United Press Leased Wire  
NEW YORK, Sept. 13.—Plans are being made today for a new liberal political party.

It will be launched formally this fall and will undergo its first actual test of strength in the congressional elections of 1922.

The movement is sponsored by the committee of forty-eight, which is acting independently of any other organization. There will be no attempt at an alliance with the farmer-labor-socialist, single tax or other parties. In fact, any possible support by those parties will be discouraged.

J. A. Hopkins, national chairman of the committee of forty-eight, said today he believed the two major parties had "grown to be counter-parts," and had "outlived their usefulness."

"Instead of being distinctive, the Republican and Democratic parties now include reactionaries, conservatives, liberals and radicals," he said.

"We believe the great mass of independent voters in this country are liberal in political thought. It is our purpose to amalgamate them in one party, which may even take the name of 'Liberal.'"

Hopkins said: "A national conference will be called this fall, composed of representative men and women from all states, for the purpose of adopting a national and state organization plan. A national committee will be elected and organization initiated in each state preparatory to the elections. The heart of this movement lies in the Middle West."

## WOMEN IN FALL OF PLANE RECOVERING

GROTON, N. Y., Sept. 12.—After having received medical attention, seven persons, three of them women and two children, were recovering today from fright suffered when the airplane in which they were riding was forced to make a forced landing and crashed into the Hudson river, breaking one of the pontoons and throwing the occupants about inside the cabin.

The landing was effected from a height of 1000 feet. When the cabin began to leak the women and children were lifted to the superstructure and W. H. Manners, pilot, and a mechanic named Baldwin set out to swim the two miles to the nearest shore. The two were picked up after they had covered half the distance. The plane was towed ashore, where the hysterical passengers were given medical attention.

## IRISH NOTE HANDED TO LLOYD GEORGE

United Press Leased Wire

## IRISH PRESS CERTAIN PEACE NEARING

DUBLIN, Sept. 13.—The Irish press today expressed optimism and confidence that the note dispatched to Scotland yesterday by the Dail Eireann would lead to a successful conference at Inverness September 20.

Some of the papers stated flatly that the Irish note sent yesterday accepts Lloyd George's invitation and that De Valera and the cabinet would meet today to select plenipotentiaries.

## 60,000 RAILWAY MEN TO MEET IN WAGE ROW

United Press Leased Wire  
CHICAGO, Sept. 13.—Sixty thousand railroad employees will meet here Sunday to consider the present wage difficulties with the roads.

The announcement of the meeting was made today by Mert M. Jewell, president of the railroad department to the American Federation of Labor.

Jewell, who is to address the membership, would not reveal the nature of his speech.

The meeting was called in view of the fact that shop employees all over the country have voted overwhelmingly against acceptance of the wage cut that went into effect July 1.

PHILADELPHIA, Sept. 13.—After a day's stay of execution caused by rain, the extreme penalty will be handed out today to one-half of the American, British, Australian and Japanese tennis stars remaining in the American national title battle.

A bright, warm sun popped out of the clouds this morning and soon dried up the courts of the Germantown Cricket club for the postponed third round of the championships.

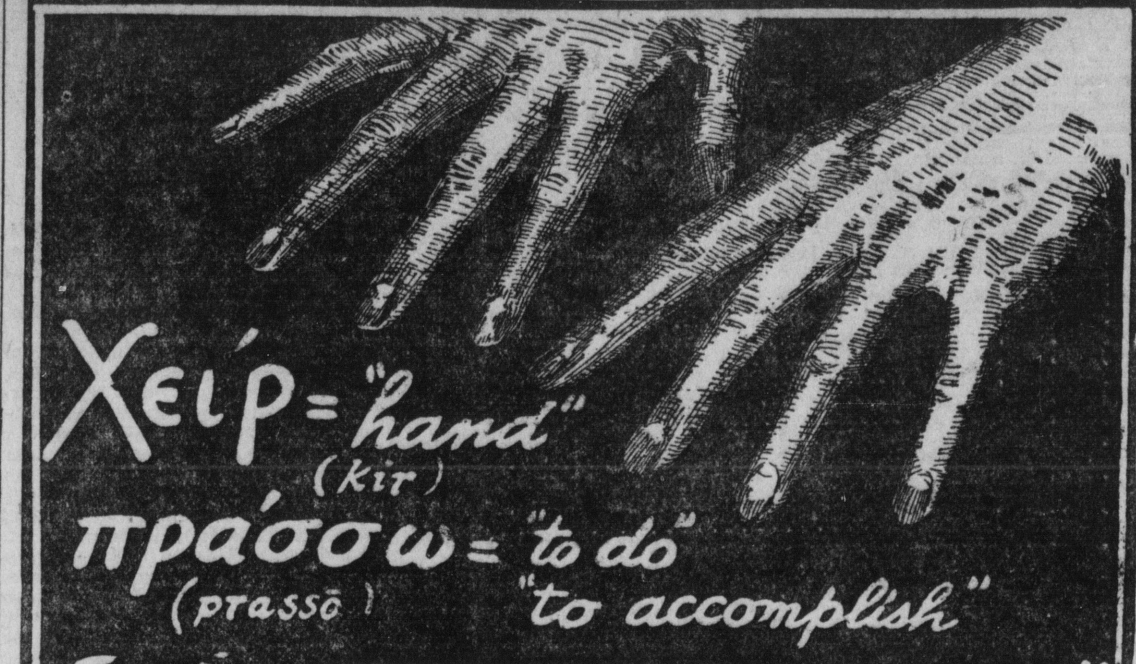

Two feature battles occupied the places of prominence of the day's program. William M. Johnston, member of the American Davis cup team, was to play Vincent Richards at 2 o'clock and William T. Tilden, world's singles champion, was to face Zenzo Shimidzu, the little Japanese star, at 4 o'clock.

## Music Course Ticket Sale Opens With Rush at Knowledge of Fine Program

Did you know that it has been pre-  
dicted that Santa Ana will head the  
list of Pacific coast cities for having  
the greatest number of members in  
her musical association, proportion-  
ate to her size?  
When Clarence A. Gustlin, presi-  
dent of the Santa Ana Musical Asso-  
ciation, was on a recent tour of  
Northern California and Oregon, he  
visited the University of California,  
where he met Prof. Julian Wayburn,  
head of the musical extension depart-  
ment at the university. And it was  
Prof. Wayburn who made the predic-  
tion.  
Furthermore, while in the larger  
cities of Portland and San Francisco,  
where music and its accompanying  
arts have been brought up to the  
highest degree, Mr. Gustlin made in-  
quiries as to the musical situations  
there, and everywhere he met with  
expressions of great astonishment  
that a town of the size of Santa Ana  
should be able to support the kind  
of a music course that it does each  
year.  
It is especially true of the course  
that the association has to offer this  
year.

In October the Irish tenor, Allan  
McQuah, who is known all through  
the East as the "second John Mc-  
Cormack," is to appear here on his  
first Pacific Coast tour.

In November, Alice Gentle, the  
Metropolitan Opera soprano, with  
whom most Santa Anans are famil-  
iar, will come here.

In January the famous baritone,  
Cecil Fanning, who fairly wound him-  
self around the heart of the large  
audience that heard him here last  
year, is to visit Santa Ana again.

In February, Harold Bauer, con-  
cert pianist, will appear, and, not  
far from least, in March, the fam-  
ous Los Angeles Philharmonic or-  
chestra, which has gained an envi-  
able position here on the coast, will  
make their second appearance on the  
Santa Ana stage.

Now with this splendid season's  
program in view, it should behoove  
all good musical association mem-  
bers who signed early for reserv-  
seats, to call for them at the Santa  
Ana Book store.

The sale of seats, with their ac-  
companying privilege of first choice,  
opened yesterday, and today the sale  
of seats was going rapidly. Next  
Monday, September 19, the seat sale  
will be opened to the public and  
those who signed for tickets last  
spring and have not called for them  
will have to take what they can find  
when the public sale opens.

Mr. Gustlin is especially anxious  
that the children of this city take  
advantage of the half-rates given  
them, for there is no other education  
of the sort that can be of more ben-  
efit to the kiddies than such as the  
musical association offers.

## Recital of Pupils of Mrs. S. M. Dearing Is Pleasing Success

'Twas a recital of potential artists  
—that given at the Church of the  
Messiah last evening by the piano  
pupils of Mrs. S. M. Dearing.  
Promptly at 8 o'clock the ten  
youthful musicians marched onto the  
platform in the parish hall of the  
church, and as ceremoniously, exe-  
cuted their program without one  
word or nod from their teacher, who  
sat with the audience that  
enjoyed every individual number,  
from the tiny tots, who carefully fin-  
gered their first "real pieces" to the  
older ones, who interpreted the mas-  
ters with notable artistry.

Every one of the ten did splen-  
dently, and the range of masters,  
whose best numbers they chose to  
interpret, was surprising, and surely  
much credit is due to Mrs. Dearing,  
whose faithful and almost motherly  
interest has done so much for each  
of the ten, who are:  
The Misses Pauline Hill, Ethel  
Dean, Rowena Newcomb, Helen  
Drake, Leona James, Evelyn Rohrs,  
Olive and Lilah Gebhard and Mas-  
ters Charles Dolby and Robert  
Thompson.

## Huntington Beach Club Hears Local Artists

Among the luncheon guests at  
Huntington Inn this noon, where the  
Women's club of Huntington Beach  
held their regular luncheon, were  
two of Santa Ana's prominent fig-  
ures in musical circles, Mrs. Frank  
W. Slabaugh and Mrs. Arnold Peck.

Mrs. Slabaugh, assisted by Mrs.  
Peck, also gave a delightful program  
during the meeting of the club which  
followed the luncheon.

Mrs. Slabaugh, whose voice never  
fails to charm, gave three groups of  
lovely songs, including Indian melo-  
dies; several by the local composer,  
Gertrude Ross; and several operatic  
numbers, all of which brought a  
storm of applause from the club  
women.

Mrs. Peck, who accompanied Mrs.  
Slabaugh, also gave several splendid  
piano selections, which were greatly  
appreciated.

## "Mikado" Cast Scheduled To Meet at High School

The principals and members of the  
chorus of the comic opera, "Mikado,"

County Choral union some time in  
November, are scheduled to meet for  
rehearsal tomorrow evening at 7:30  
o'clock in the high school auditor-  
ium.

This is by no means the first re-  
hearsal, for the principals have been  
working hard and steady since last  
spring, even through the summer  
months, under the steadfast super-  
vision of Mr. Ellis Rhodes.

Everything is coming along in fine  
shape and the local production prom-  
ises to far surpass that given in Los  
Angeles.

Principals of the cast include:  
Mrs. May, the Misses Dorothy  
Mead, Holly Lash, Cartwright, and  
Messrs. Ray Miles, Earl Fraser, Mar-  
rice Phillips, Robert L. Brown and

## Former S. A. Boy Weds Long Beach Girl at Pretty Home Wedding

A wedding of exquisite beauty was  
that of Miss Alice Margaret Blanche,  
of Long Beach, and Mr. Horace  
Munger, of Anaheim, which took  
place Saturday evening at the home  
of the bride's uncle, Mr. J. L. E.  
Peck, 367 Temple avenue, Long  
Beach.

Before the ceremony the Misses  
Beulah and Demia Peck, cousins of  
the bride, sang in duet, "O Promise  
Me," and the former sang Cadman's  
"At Dawning," accompanied by her  
sister at the piano.

Just at 8 o'clock Lohengrin's "Bridal  
Chorus," played by Miss Demia  
Peck, heralded the approach of the  
bride and groom, who were preced-  
ed by dainty little Miss Edith Grub-  
bon, of Long Beach, who, dressed in  
fluffy white organdie, carried the  
rings for the impressive double ring  
ceremony, which was spoken by Dr.  
J. Wesley Neeley, of the Grace  
Methodist church of Long Beach.

During the ceremony, Miss Demia  
Peck softly played selections from  
Eloherb's "Nellie." The bride was  
beautifully gowned  
in tulle and silver over white satin  
crepe, and her misty veil of tulle  
was caught to her head with a cor-  
onet of orange blossoms. She carried  
a shower of bride's roses and orange  
blossoms.

Following the ceremony a prettily-  
appointed two-course supper was  
served.

During the evening the bride and  
groom left for a honeymoon to parts  
known only to themselves, the bride  
wearing a lovely dark blue canton  
crepe frock, trimmed with moleskin,  
with hat and accessories to match.

After October 1 they will be at  
home in Fullerton.

The bride has made her home  
with her uncle in Long Beach for  
several years, and during the past  
year taught in the public schools of  
Anaheim, where the romance, which  
culminated in the interesting mar-  
riage Saturday evening, began.

The groom is the son of Mrs. Nel-  
lie Munger, 1014 West Sixth street,  
of this city, and was educated here,  
having attended the Santa Ana high  
school, prior to his enlistment in the  
Rainbow division. Since his return  
from war service he has been con-  
nected with the Richfield oil fields,  
with headquarters at Anaheim.

Among the out-of-town guests  
were the following:  
Messrs. and Mesdames Gilbert  
Kraemer of Placentia, William  
Silba of Fullerton, William Ritter  
and Bennie Osterman of El Toro,  
Alfred Cornelius and daughter, Miss  
Maxine, of Santa Ana, Miles Bell of  
Los Angeles; Mmes. Nellie Munger  
of Santa Ana, and Gruben of Long  
Beach; the Misses Marie Munger of  
Santa Ana, Ruth and Nellie Munger  
of Anaheim, and Messrs. Boyd Mun-  
ger of Santa Ana, Robert Benson of  
Anaheim, Willis Mitchell of Irvine,  
and Edgar Gill of Long Beach.

tesia street.

During the evening scrapbooks  
were made by the guests, depicting  
the future college life of the honor  
guest, and were presented to her,  
together with other lovely gifts  
which will be useful at school.  
Late in the evening the hostess  
served delicious refreshments to the

## EFFICIENCY CLUB MEETS TO "TALK SHOP"

The regular monthly meeting of  
the Spurgeon Efficiency club held at  
the store last evening was a very  
interesting affair and besides the  
regular business several interesting  
talks were given by out-of-town  
men.

The Spurgeon Efficiency club was  
inaugurated for the betterment of  
relations between the employees and  
management of the Spurgeon Furni-  
ture company. A suggestion box is  
maintained where the employees dur-  
ing the month may drop sugges-  
tions. At the regular monthly meet-  
ings of the club this suggestion box  
is opened and the suggestions dis-  
cussed in open meeting.

C. H. Lockwood, sales manager, and  
C. P. Allen, advertising man-  
ager of the Hawthorne Furniture  
company, were the speakers and  
gave very interesting talks on the  
organization and output of the Haw-  
thorne factory.

Wood J. Smith is president and  
Miss Hanna Marston is secretary  
and treasurer of the Spurgeon Effi-  
ciency club.

## NEW HIGHWAY PROPOSED. EDMONTON, ALBERTA, Sept. 13.

The Edmonton Automobile and  
Good Roads association are petition-  
ing the government to build a high-  
way from Edmonton to Vancouver  
on the old Canadian National railway  
grade through the Yellowhead Pass.  
The roadbed at the present time is  
in fair shape and the bridges and  
culverts are all intact and only need  
planking to make them ready for  
use. The petition to the govern-  
ment sets forth that the estimated  
cost of converting the 210 miles of  
abandoned C. N. R. grade into a mo-  
tor road is only \$94,600. By taking  
advantage of Alberta's apportion-  
ment of the Federal road grant, the  
cost to the province would be only  
\$36,000, which is already available  
from motor fees.

## BIRDS, ANIMALS O. K. WEATHER PREDICTION

NEW YORK, Sept. 13.—Various  
weather experts have been predict-  
ing an early and unusually severe  
winter, and

# YEAR'S WORK OF COUNTY Y IS OUTLINED

Interest in the work being accomplished among the boys of Orange county by the Y. M. C. A. was quickened today following the meeting of the "Y" committee last night in the dining room of the First Baptist church.

In outlining the program for the coming year's work Secretary G. S. Chessum, speaking before the assembled members, first called attention to the value of the past year's work and the friendly spirit which had fostered between them and the boys of the county. The advisability of continuing the program was stressed.

By means of slides the men present were able to see the features of the winter's program for the Y. M. C. A. boy groups. A few highlights of the coming year, as are as follows:

First—That a carefully planned application blank shall be filled out by each member of a group.

Second—That the leader of the group will not only be registered with the county office, but also with the international office.

Third—That group insignias, based on a composite chart of the members of each group, will be awarded by a county committee, or that the individual record cards, showing the progress of each boy, as well as the entire group, will be kept by each leader.

The business was transacted following a dinner prepared and served by the ladies of the Baptist church, where the wives of the "Y" board were hosts to their wives and friends. The tables were arranged in the form of the triangle so closely associated with the history of the organization, and seated around the three sides were: J. A. Cranston, chairman of the committee; Mr. and Mrs. W. B. Tedford, Mr. and Mrs. S. M. Davis, H. W. Lewis, Mr. and Mrs. Eugene Griest, P. D. Plavan of Santa Ana, Mr. and Mrs. Hargrave of Yorba Linda, Mr. and Mrs. M. E. Beebe of Anaheim, Mr. and Mrs. E. E. Campbell of Orange, Messrs. D. Meyers, Blake and H. Anderson, secretary G. S. Chessum and wife and Miss Adelaide Proctor of Orange, Secretary A. J. Baitt and wife from the Fullerton district, Secretary T. P. McKee and wife of the Santa Ana district, Miss Kathleen Owens, office secretary of Y. M. C. A.

Following a presentation of the program for each group, the secretary called attention to the plan this year whereby all groups of boys of grammar school age in a given community will be linked together in an organization known as a "Three C league," while all groups in a community of boys of high school age will be linked together under the organization known as "H. I. Y. club." One week a month will be set aside when all groups of the grammar schools and all of high school age shall meet for special programs and activities. By the aid of the map of Orange county the secretary challenged the committee with the growing need of the boyhood of the county.

The rapid growth of Orange county, revealed in no better way than through the increasing registration in the schools at this season of the year, reveals the fact that Orange county has increased in population at least one-third in the past three years.

**Opportunities Seen**

One way suggested of meeting the growing needs of boyhood and to administer the enlarging program of the association more effectively was by placing a man with the headquarters in Anaheim, and another man with headquarters in Orange, who would give their afternoons and evenings to the promotion of the program in these centers, a unified program for the whole county, built to meet the needs of growing communities.

The secretary also mentioned plans for educational entertainment in the county association work this year, community activities, camps and outings, etc. The report of the financial committee showed the association to be able to meet all obligations to date.

Following the secretary's report the members present spent considerable time in the discussion of his outline, endorsing the growing program and emphasizing the need of facing the large task which confronts them throughout the county. A hearty welcome was accorded T. P. McKee, who comes as the associate secretary to the headquarters of Santa Ana.

McKee has been in the field about two weeks and has already expressed himself as being delighted with the community and the people. The third floor of the First National bank building, which has been loaned to the association cause by the First National bank, will be the headquarters for the work in Santa Ana the coming season.

A meeting of the local committee is being planned for the near future when reports from the activities, regarding plans, will be presented.

**Women Entertained**

While the men were spending the evening in discussions of the business affairs and policies of the organization, their wives gathered in one of the social rooms of the church, where Miss Owens of the "Y" office presided at a delightfully informal evening. While many of those present were strangers to each other, the atmosphere of friendliness was so pronounced that all sense of strangeness was soon lost.

After a period of introduction Miss Owens called upon various of her friends whose aid she had besought in the evening's entertainment. With Miss Adelaide Proctor as accompanist, Myford Carrillo gave several beautiful violin numbers, while Darold Myers gave a group of wonderful whistling solos with the same clever accompanist. Miss Proctor also gave a number of piano selections, her McDowell numbers being especially pleasing. Miss Holly Lash and Miss Dorothy Mead gave two delightful duets, in which their voices blended charmingly. A group of child impersonation, given by Mrs. Eleanor Elliott completed the evening's program, which did all that was hoped for in the way of bringing the unofficial members of the board closer together, and all the official members out to an important meeting.

## STRIKE OF NORTHERN OIL WORKERS HAS NO EFFECT ON MEN HERE

Following news from Bakersfield that 8000 oil workers were on strike in the Kern county and Coalinga fields, a survey of Orange county oil districts showed no agitation and everything running smoothly.

Orange county has so far felt no fear of a strike and with the good feelings between the operators and workers it does not seem probable that the strike in the northern fields will affect Orange county.

A review of the situation at Bakersfield shows some 500 companies to be affected by the walk out. A monthly petroleum production of approximately 6,359,000 barrels will be affected by the strike, it is estimated by the operators.

## "STUNT" FLIER MAY APPEAR AT FAIR

And now Orange county has produced a daring air-man who will make the little shivers run up and down the spines of onlookers who watch his gymnastic feats among the clouds.

Jack Schalk, of 322 West Palm street, Orange, is the latest recruit to the society for defying death. In the clouds and as a member in good standing, hopes to be able to induce the directors of the Orange county fair at Huntington Beach, to sign him for exhibitions of his skill during fair week.

Schalk appeared at the Rogers Airport in Los Angeles a few days ago, where a number of his particularly daring feats were snapped for the Pathe News service, at a height of 2500 feet.

His specialty is hanging by his teeth from a little ladder suspended from the wings, and with no straps or buckles, whatever, to support him in case his bulldog grip should fail. Schalk claims to be the only stunt flier in the world who acts entirely without the aid of straps or ropes, and who depends on muscular strength alone.

Associated with him in his flying is Ralph O. Clark, also of Orange, who, like Schalk, was in the air service during the war. Previous to their war experience, both men were in the flying game, Schalk as manager and Clark as aviator through the Middle West.

Schalk's training as an acrobat, together with his ability to pilot a plane, led him into the exhibition field, where his steel nerves and utter absence of fear makes him an expert "stuntist." Wing walking and kindred feats are mere child's play to him, and swinging by his toes from a tiny ladder, while the ship cuts through the air at a speed of seventy-five miles an hour, is equally simple.

One of his feats is to add a weight of 100 pounds to the weight of his own body, and with this he can hang suspended for the length of three minutes. Taking into consideration, the air resistance, and the blast from the motors, it is an unexampled test of strength and endurance, to say nothing of nerve, it is said.

The two men have in an order for a Pacific Standard plane and when it arrives, with Clark at the wheel, and Schalk as stunt performer, they plan to do exhibition work together.

## SHOWERS OF RICE GREET CARMICHAEL

Showers of rice and old shoes greeted David Carmichael, office manager of the Automobile Club of Orange County, as he entered the local club office yesterday morning, while cries of "where is the bride" and "oh, you married man" made the newly wedded bridegroom turn all colors of the rainbow.

Carmichael, who tried to steal a march on all his friends and well-wishers, was quietly married to Miss Phyllis Adams of Los Angeles in that city Friday, September 9.

Carmichael has been a resident of Orange county for many years and is a native son. His father, a minister living in the East, arrived to attend the wedding.

Carmichael attended high school in Orange, going from there to Stanford University where he graduated in the 1921 class.

Rock Bradshaw, a chum of Carmichael when he attended Orange Union and his roommate at Stanford, was best man. Miss Bernice Adams, sister of the bride, was bridesmaid. Mrs. Carmichael has been holding an important position in the advertising department of the Los Angeles Examiner.

## MYSTERY SURROUNDS SHRINE FESTIVITIES

The entertainment program for the Shrine ceremonial to be held at Orange county park on October 22 is to be kept a dark secret and its character will not be revealed in advance of the scheduled date, according to City Marshal Sam Jernigan, Orange county representative of Potentate Louis M. Cole.

Features of the program were discussed at a dinner meeting at James' cafe last night, the local committee and Kenneth Gillette, of Los Angeles, assistant manager of the Santa Fe, and director of the ceremonial. Gillette came down for the purpose of discussing plans with the committee, and all were pledged to secrecy, for the committee is developing a program which, it is declared, will exceed anything ever given at a ceremonial by Southern California Shriners.

In view of the fact that preparations are being made for an elaborate program, it was decided last night that the local Shrine club should not attempt to carry out its plan for entertaining the patrol, chanters and band of Al Malaikah Temple this month.

Present at last night's meeting besides Gillette and Jernigan, were D. Eymann Huff, Harry Hanson, Walter Wray, Charles D. Brown, Joseph P. Smith, J. D. Spennetta, Freeman H. Bloodgood and Arthur Wegel.

## STATE ALIEN POLL TAX KNOCKED OUT

The state alien poll tax was declared unconstitutional in a unanimous decision handed down by the State Supreme court in San Francisco yesterday. The court held that the measure was in violation of the fourteenth amendment to the United States constitution and to the treaty between the United States and Japan. The treaty stipulates that residents of either country living in the other are to be subject only to taxation as are citizens.

In its opinion the court said: "In view of the provisions of the existing treaty between the United States and Japan, the alien poll tax law is ineffective for any purpose with relation to any citizen of Japan."

The California alien poll tax law imposing an annual poll tax of \$10 on all alien male residents of the state between the ages of 21 and 60, was passed by the 1921 legislature. Maurice F. Enderle, deputy county assessor, stated that his office had collected, under this law, \$1250, which, it is holding awaiting the decision of the court as to the method of refunding. Enderle further stated that they had been expecting an unfavorable decision by the supreme court on this law and made no special effort to collect the tax. The sums collected are mostly those brought to the assessor's office by aliens.

Will open the house to receive walnuts Monday, Sept. 12. SANTA ANA WALNUT GROWERS' ASSOCIATION.

## PLOT THICKENS AS MASK IS FOUND IN BOOTH AT DRAGON

A mysterious cap with a long black mask attached to the band, found in a side booth at the Dragon confectionery by Fred Puller, one of the proprietors of the place, today was in possession of City Marshal Sam Jernigan, and an effort was being made by the authorities to account for the disguise.

The cap is apparently a new one and the mask, which extends to the shoulders when placed over one's face, is made of black satin. There is a round hole in the mask, just big enough to expose the eyes and nose. The cap is made of wool and is a blue-brown mixture.

City Marshal Jernigan believes that the cap was the property of a professional hold-up man. It is well made, evidently the work of a woman, or man who is skilled in the use of a needle and sewing machine. Jernigan does not believe that anyone would make such a painstaking cap for one or two tricks, such as might be pulled off at a masquerade party.

The mask can be rolled up and flooded into the top of the cap so that it would not be detected when worn. The mask can be pulled out and tied about the neck with the black ribbons, attached to its tips, in less than five seconds.

There is not a mark of identity on the mask. The authorities do not connect it with the robbery and murder at Delhi Sunday night. It has been definitely established that Mexicans entered the Delhi store. And the confectionery where the mask was found is not frequented by that element.

Jernigan believes the mask was left accidentally by a gang of highwaymen.

## OVER 1000 ARE ENROLLED IN HIGH SCHOOL

There are more than 1000 students registered at Santa Ana high school today for the first time during opening week in the history of the institution.

Another rush of students came yesterday afternoon, forty-two in all, sending the grand total for the high school soaring over the thousand mark. The exact figures show 1025. According to an announcement by Principal D. K. Hammond today, enrollment will be continued all during this week. About fifty more students are expected to sign registration cards during that time.

There were about 1100 students in the high school last June, but when school opened in September there were scarcely 900. The big increase comes in the middle of the year, when a larger class always comes in from the Junior High school than that which graduates. All of the Santa Ana schools got off to a running start yesterday.

The increase, estimating that the enrollment of the new Franklin school will be about 150, is the greatest in the history of the city. Last year's mark smashed all previous marks. The increase then was 526. The increase this year will be close to 600, despite the fact that two new high schools have been formed in the county which takes another 150 from Santa Ana total.

## JAIL FOUR MORE MEXICANS IN DEATH CASE

With the arrest of three more Mexicans last night and another early this morning Sheriff C. E. Jackson and his deputies believe that they now have in custody all of the men who are implicated in the killing of one man, the serious wounding of another and the robbery of the general store of their victims at Delhi last Sunday night.

District Attorney Nelson, Traffic Officer Warner, Deputy Sheriff O. K. Carr and Charles C. Carrillo, court house interpreter, slipped into a Mexican circus at Delhi late last night and arrested three Mexicans. Officer Carr returned to Delhi early this morning and got the other man.

Eight in Jail

Those taken last night were Antonio Marrias, Trico Chavarri and Antonio Ramos. The man arrested by Carr this morning was Jose Sanchez. Eight men are now in the county jail and accused of being implicated in the raid on the store. The first four were arrested at a residence on East Fifth street about three hours after the murder.

All of the suspects were to be closely questioned today by the authorities. It was understood that a complaint charging some of the men with the murder and others with robbery would be filed today.

A Mexican whose name is withheld at the request of the authorities approached Constable W. N. Carter immediately after the inquest over the body of the murdered man and warned Carter that the Mexicans of the Delhi district were enraged over the action taken by the authorities and that they intended to "get" certain officers if they came to Delhi.

The Mexican advised Carter not to go to Delhi without his gun and requested him to pass the advice along to other officers. The man declared that he had "inside information and knew what he was talking about."

Local officers stated today that they did not need any warning and that they are always prepared when they visit Delhi for any unexpected move.

Coroner's Verdict

The verdict of the coroner's jury was that John Khoury, the murdered storekeeper, came to his death by revolver wounds in the neck and body, fired by some person unknown to the jury and with homicidal intent. Those on the jury were:

A. J. Vissel, foreman; Boyd Ellis, S. J. Chapman, J. W. Porter, B. G. Metz and W. W. Chandler.

C. Mitchell, of Placentia, was the first witness, testifying only as to the identity of the deceased. Abraham Richards, of Corona, a cousin of the deceased, testified along the same lines, stating that he knew Khoury as a boy in Syria.

Sheriff C. E. Jackson testified as to arresting four suspects at a house on East Fifth street and of confiscating five revolvers. All of the weapons were exhibited to the coroner's jury. One of the guns was spattered with blood.

Deputy Sheriff Ballard told of making an investigation at Delhi about a half-hour after the murder. He exhibited several empty shells found on the floor of the store in which Khoury was shot.

Strong Link in Chain

It was disclosed that two or three of the shells showed that the caps were struck by the hammer on the edge, rather than in the center. And Ballard testified that he had experimented with one of the revolvers and found by firing three shots that all of the caps were hit on one side.

That particular gun is one of the five taken from the Mexican home on East Fifth street and Sheriff Jackson and his deputies believe that it will prove a strong piece of evidence in linking the suspects to the murder.

According to Undersheriff French the Mexican suspects have admitted ownership of all of the guns except the bloody one.

Deputy Sheriff Roy Ballard testified at the inquest that the murdered man was lying in a pool of blood behind a show case in the rear door of the store. Isaac Matouk, the wounded man, was lying unconscious on a bed in an adjoining room.

Ballard said that Matouk was revived later and told him that ten or twelve men entered the place, some through the front door and the others through the rear. After the attack and robbery all fled through the front door. Matouk said that he locked both doors after the attack in fear that the bandits would return. He then fell on the bed and lost consciousness.

Post Mortem Examination

Dr. Samuel A. Marsden told of making a post mortem examination. There were six holes in the body of the dead man, he said, evidently caused by three bullets. There were no powder marks on the body. The wound in the neck caused the death of the deceased, he said.

Sheriff Jackson declared during the course of the inquest that he and his deputies are planning to search every Mexican home in the city for firearms. He said that he would outline the task in a few days and work nights until it is accomplished.

Reports from the county hospital today were to the effect that Matouk, the wounded man, was still in a precarious condition. He was struck four times with the butt of a revolver and since his confinement in the hospital has had several hemorrhages. Dr. H. E. Zaizer said that he had an even chance for recovery.

## ATTENDANCE OFFICER IS TO BE NAMED FOR CITY TOMORROW

With the schools of Santa Ana in session a bare two days, the services of the attendance officer have already been required.

Already, the call of the wild has proven too strong for various of the youngsters who scarcely enrolled for the fall semester before they hastened to answer that call.

Complaints began pouring into the office of the school board, so a temporary officer, armed with full power to bring in all the young subordinates, was sent out this morning to gather them in. These were almost without exception, from the Mexican schools, the children seeming to have difficulty in grasping the fact that they are expected to show up at school regularly every day.

A permanent attendance officer will be appointed at the regular meeting of the school board tomorrow night at 7 o'clock. Also, the appointment of the school nurse will be made.

Another teacher for the high school, found a necessity already, on account of the increased enrollment, will be selected.

## RUTAN WILL VISIT COUSIN SECRETARY

Within a week or two, Attorney A. W. Rutan of Santa Ana, will drop into the office of Henry C. Wallace, secretary of the United States Department of Agriculture, for the purpose of making a call.

Attorney Rutan's middle name is Wallace. Henry C. Wallace is a cousin of the Santa Ana lawyer.

Rutan leaves Thursday for Atlanta, Ga., on business. Returning, he will stop a few hours in Washington, D. C., and will then journey on to Carrollton, O., where he was raised. He will reach Carrollton in time for an old-fashioned county fair, in which horse-racing is the big thing.

## MAKING SURVEY FOR U. P. ROAD TO SOUTH OF SANTA ANA

Surveyors at Work Running Line Across Irvine Ranch

### MAY MEAN EASTERN AIM

Renewed Activities In Rights of Way to North Expected Now

That the Union Pacific is seeking an outlet to the south through Santa Ana with a view to extending its line to San Diego and possibly pushing on east through Arizona was indicated here today, in the opinion of many, when it became known that the corps of surveyors that has been in the city the past week was running lines across the Irvine ranch.

The survey parallels the Santa Fe tracks, the line being run about a mile and a half west of the Santa Fe.

It is declared by some who profess to know a little something about the plans of the Union Pacific that the company is seeking a new route to the east, through Arizona, and that the present survey is for the purpose of determining the availability of a route through San Diego.

The survey will afford data upon which to base estimates of cost, it is said, and also for comparison of this route with that of others under consideration for the building program of the Union Pacific.

Should the Union build an eastern line by way of the route being surveyed in this county, it would place Santa Ana on the main line of one of the largest railroad operating companies.

The fact that surveyors are working to the south across the Irvine ranch, coupled with a report from Los Angeles to the effect that the Union Pacific will soon build eleven miles of railroad from Whittier southward toward Santa Ana, gives renewed interest in the Union Pacific's relations to this section.

A partial right of way from Whittier to Anaheim was secured by the Salt Lake railroad in 1917. At that time a number of actions for condemnation of rights of way were brought in the superior court here. Before these were brought to trial,

## Burglar Locks Woman In Tent-House While He Ransacks Residence

Mrs. S. L. Thurston, 810 East Third street, who sleeps in a tent-house about 10 feet back of the residence, found herself locked in this morning when she got up.

She called for her daughter who sleeps in a rear room of the house and after struggling with the lock on the tent for some time the door was opened.

Mrs. Thurston and her daughter then found that the residence had been ransacked some time during the night. The burglar who looted the place evidently locked the tent-house before beginning his operations.

Every door of the house was left open. Dresser drawers and a number of boxes had been turned upside down and the contents scattered over the floor.

Constable Jesse Elliott made an investigation this morning and Mrs. Thurston reported that a small amount of money and a lady's gold watch were missing. The initials "S. L. T." are engraved on the watch.

Elliott found the tracks of a large pair of shoes leading from the rear of the house to the sidewalk on Third street.

Mrs. Thurston's daughter and son-in-law slept in the rear room of the house last night and did not hear any unusual noise.

## FOUR ARRESTED IN RAID UPON BEACH CAFE

Following a raid on the Jewel City cafe at Seal Beach Saturday night by federal prohibition agents, Patrick Smithers, 50, the proprietor of the establishment, and three waiters, Robert Ritchie, 43, James Bowes, 53, and Charles Xanders, 43, were today in the county jail.

The government officers conducted the raid, and it is alleged a quantity of liquor was confiscated. The men were brought by the agents to Santa Ana and lodged in the jail.

When City Marshal Dittington of Seal Beach brought the men to the county jail, he told Jailer Theo. Lacy that federal officers would be here for them yesterday. The federal officers failed to arrive. Lacy believes they will be here today.

According to information received here, the prohibition enforcement agents walked into the cafe, sat down and ordered drinks.

## OUTLINES PLAN FOR PAVING OF STREETS

Council Is to Improve Flower, Cypress and School Frontages

As a preliminary step in initiation of an active street improvement campaign for the winter, the city council last night directed the preparation of resolutions of intention to pave Flower street from the south line of Chestnut to the north line of McFadden, and the unpaved portions of East Fourth street in front of lots owned by Frank Thomson and G. R. Compton, and authorized the city clerk to advertise for bids for paving Cubbon, Broadway and Sycamore adjoining the Spurgeon school and French street in front of Lincoln school.

The successful bidder for work on the streets in front of school properties will be given the privilege of circulating private contracts for paving in front of private properties.

Cubbon street will be paved from Main to Ross, Broadway and Sycamore from Cubbon to Fairview and French from Washington to Fifth.

For Ornamental Lights George R. Wells, a property owner on East Fifth, asked for information as to what percentage of the frontage would have to be represented on a petition to the council in order to have an ornamental lighting system installed under a district plan.

Following statements by Wells that owners of the greater portion of the property on East Fifth between Main and French would sign such a petition, he was directed to circulate the petition. The council will decide whether the frontage represented is sufficient. A definite answer was not given as to the percentage of frontage necessary. It is proposed also to install the ornamental system one block each way from Fifth on Bush and Spurgeon.

Declaring that the city was faced with a sewer problem that must be met sooner or later, W. W. Chandler, deputy city health officer, urged immediate attention to the development of plans for sewerage West Fifth, English and Fairview streets.

That district is developing very fast, according to his statement, and cesspools are proving a menace to health. He suggested that preparation be made for the installation of main sewer lines on these streets by including this improvement in the district to be organized for re-

## HEIDT DESIGNS AS EXECUTIVE OF SCOUTS

Summer Camp Report Shows Food Served 10.75 Cents a Meal

Elmer E. Heidt, for the past year executive for the Orange County Council of the Boy Scouts of America, has resigned his position in order to go into business.

His resignation was presented at a meeting of the council last night. No action was taken, it being the hope of members of the council that Heidt will remain with scouting.

A committee consisting of Guy J. Gilbert, Dr. Roy S. Horton and Terry E. Stephenson was appointed by M. B. Wellington, chairman of the council, to confer with Heidt concerning his resignation, and, if Heidt will not accept re-appointment, to recommend the appointment of some other executive.

Planning Carnival There is to be a big Boy Scout carnival in Santa Ana in October. The proposal that troops from all over the county be brought to Santa Ana for a big demonstration gathering, including a parade, was made to the council by Walter Vander-

maast. He said that an event in which the 450 scouts of the county are brought together would impress people with the importance of the movement more than anything else that could be done for Boy Scouts in this county.

The plan met with approval. Vandermaast was made chairman of a committee to arrange for the carnival, which probably will be held on Main street. Others on the committee are Harry D. Riley of Anaheim, Elmer W. Dean of Fullerton, Roy I. Smith of Tustin and Fred Newcomb of Santa Ana. Various organizations will be asked to have booths arranged along Main street.

Successful Camp

Those who had charge of the Boy Scout camp in Santa Ana canyon last summer were given high praise by members of the council last night. Two extensive reports of the camp were given to the council, one by Heidt, who had charge of the boys, and the other by S. J. Cornell, scout commissioner for the county, who conducted the business end of the camp.

Heidt gave a list of things accomplished for the boys. A number of the boys passed a number of scout tests, and all of them moved up at least one grade in scout work.

"I feel that real good was accomplished in character building," said Heidt. "I feel, too, that parents of the boys who were in camp were thoroughly satisfied with it."

Cornell's report for the feeding of the boys showed that they had been fed at an average cost of 10.75 cents per meal. C. N. Miller, Boy Scout representative on the Pacific Coast, who was present last night declared that the showing was the best he knew of for any summer camp in the United States.

Boys Well Fed "The boys were well fed," said Cornell. "We had visitors frequently, and they invariably commended the cleanliness of the camp and the quality of the food. We used a large amount of vegetables. We fed the boys fresh meat three times a week. Beans and potatoes were used in plenty."

Cornell's report showed that \$180.04 was paid the cooks, \$347.60 for supplies. Boys were charged \$3 a week, and the charge saw the camp expenses, aside from the permanent investment, through.

There were 4,694 meals served to boys, 455 to officers of the camp, and 200 to guests, making 5,239 meals served.

Steps were undertaken last evening for the adoption of a new constitution and by-laws for the county organization. The fiscal year of the county council is to start January 1.

The Rev. E. J. Statom of Fullerton, scoutmaster for a troop of scouts of more than average age, gave a report of the activities of his troop at their camp in the San Bernardino mountains.

"Before the county organization was started," said he, "we had begun the erection of buildings at our troop camp. This summer we finished that enterprise. Our boys took a great many long hikes. They went ten miles to Big Bear lake and 30 miles to Little Bear. I have found that the boys are fascinated by the big mountains and big trees, and the high mountain air was certainly good for them. We did our own cooking. Transportation costs were for gasoline and oil used by private cars to and from the camp. Including this transportation cost, the charge to each boy was \$2.75 a week."

GET WORD GRANDSON IS BORN IN PANAMA

D. B. Peterson, sales manager for O. A. Haley, today was wearing the smile that won't come off. While he is happy over the fine new home of the Dodge Brothers cars, this incident is a circumstance in generating happiness as compared with the arrival of information that a fine baby boy arrived at the home of Mr. and Mrs. William F. Lailier, at Gatun, in the Panama canal zone, on August 26, 1921.

Mrs. Peterson, who is well known as a writer of nature stories, is just as proud and happy as is her busy husband.

Mrs. Lailier is the daughter of Mr. and Mrs. Peterson and was married two years ago in the pretty garden at the family summer home on the Cliffs at Laguna Beach.

## TO HONOR AMERICAN UNKNOWN WAR HERO?

Lady Limerick has been suggested as the bearer of England's wreath which British women will send to this country for the dedication of the Tomb of the Unknown American Warrior. She lost her son in the war and endeared herself to American soldiers through her canteen and other war work.

## SAYS CHRISTIAN ETHICS SHOULD BE TAUGHT

"Courses in Christian ethics should be required in every school," declared the Rev. J. G. Kennedy, pastor of the United Presbyterian church in a sermon dealing with school opening in Orange county.

In recognition of the importance attached to the opening of the schools, the Orange County Clerical club suggested to the pastors of the various denominations that their sermons last Sunday be devoted to the youth of the land.

In recognition of this request and the fact that all over the United States, the Sunday before the opening of the schools in September, is devoted to that one purpose, a number of the ministers stressed the affairs of the schools and the pupils in their sermons.

Among them was the address delivered at the Sunday morning service in the pulpit of the United Presbyterian church by the pastor of the church, the Rev. J. G. Kennedy, in which the question as to whether the Bible should be taught in the public schools, was propounded.

Quoting the national figures, the speaker then gave statistics of the school attendance of Orange county and Santa Ana as follows:

"In Orange county about 17,000 school children will gather under about 1,500,000. In Santa Ana about 4,500 of them under the leadership of about 150 men and women will be trained at an expense of about \$400,000."

"What is the one outstanding purpose of this expenditure of money, time and energy? Is it simply to enable these youths to make a better living or is it to fit them for a life of usefulness? If it is the latter, then what lies at the very basis of every useful life in the nation unless it be a good moral character? Can you undertake to justify our public school system on any other basis than its needful work in making efficient, industrious, moral, law-abiding citizens? Are we getting satisfactory results along moral lines?"

Insurance Lesson "Last week two news items challenged attention. Companies insuring against dishonesty, theft and robbery announced a large increase in rates because, they declare, this class of crime has increased eight fold in the last few years. The department of justice of the United States announced that their courts were congested because of an increase in crime of eight fold in recent years. Evidently there has been a terrible lapse in the moral conduct of many of our citizens. Most of these offenders are still in their youth."

"Where shall we lay the responsibility for this chaotic state of morals? God commanded the civil ruler, Moses, to teach His commandments to the people. Exodus 24:12. As the national welfare depended on the moral character of its citizens, the state itself should take a hand in producing such character. God also commanded Aaron, the priest, to teach His Word to the people. Lev. 10:11. The church was thus made responsible for the religious instruction of the same people. God also laid responsibility upon parents for making known His laws to their children."

"Now which one of these agencies have failed that such an appalling moral condition should be manifest among our citizens?"

"Of the 22,000,000 in the public schools of the country only about

## BOYS OF '61 PLAN BIG FROLIC AT THEIR ANNUAL PICNIC

"Bring your own baskets and eat your own grub," is the invitation sent out to all members of the G. A. R. and auxiliaries to the annual county picnic to be held in Fullerton Sept. 15.

The officers stated: "This is a family affair, so Fullerton will furnish beans, coffee, sugar and cream. The veterans, their friends and families are assured a good time."

The officers of the Fullerton post are Dr. D. W. Hasson, president, and O. W. Knowlton, secretary and treasurer. The G. A. R. has held an annual county picnic for many years and they have always been a big success.

The officers of the Santa Ana post are expecting Santa Ana veterans to turn out to the man because each veteran knows a good time and many old friends await him.

## OPEN BIDS OCT. 2 FOR BALBOA PIER

BALBOA, Sept. 13.—Early construction of a pier at Balboa was indicated last night when the Newport Beach city council ordered the clerk to advertise for bids for its construction, bids to be opened October 3.

The plan is to rebuild and strengthen the present pier, making certain alterations in it, and extend it out to a point where it will be valuable both as a pleasure and a fishing pier.

Bonds of \$25,000 for this purpose were voted several months ago by the Balboa-East Newport-Balboa island district. The bonds, it is understood, will be taken by the contractor.

Bids will also be opened October 3 for construction of a public pleasure boat landing on the Newport Harbor front at Palm street, Balboa, under a \$4500 bond issue voted several months ago.

Proceedings were also started last night for the calling of an election for \$80,000 bonds, to be used to provide an adequate water system for the beach harbor city, which is fast outgrowing the old established system.

Construction of the pier and boat landing, laying of the new \$375,000 sewer system, laying of several blocks of new street paving when the sewer pipes have been laid, and construction of a new water system will make Newport-Balboa an active place during the coming months, all these local projects being undertaken in addition to the harbor development work by the county which will not be completed until after the first of the new year.

## HIGH SCHOOLS OFF TO FLYING START

That both the Tustin and the Garden Grove high schools got off to a good start yesterday in their first day of school was evidenced by reports from the principals today.

The Tustin institution enrolled 106 students and the Garden Grove school registered 59.

Tustin is giving the first three years in the high school and Garden Grove is giving one. The schools were organized last April.

## THREE AUTOMOBILES, 27 OTHER PRIZES, CASH BE GIVEN AWAY BY REGISTER

The Santa Ana Register today announces the most stupendous circulation-building voting campaign ever inaugurated in this section of the state.

An appropriation of \$8000 for prizes and cash commissions has been made, and these gifts will be awarded on Nov. 7th at 8 p. m. to those men, women, boys and girls who, by their popularity and energy, display the best ability in securing collections from old and new subscribers during the next few weeks.

The campaign is started for the purpose of further increasing the already large circulation of The Register. The Register wants to put Orange County's largest newspaper in every home in the county.

The Register has decided to use this method to increase its already large list of readers and, instead of engaging outside solicitors, The Register will distribute \$8000.00 in prizes, consisting of 3 automobiles and 27 other valuable gifts.

Twenty per cent cash commission will be paid on all new subscription collections secured by participants who fail to win a prize.

These lavish gifts will induce many of the most representative citizens in Orange County to enter and win in this contest.

The best and biggest car the Studebaker factory makes, the \$2325 Big Six Studebaker Touring Car—is the grand capital prize of the contest, and will be given free to the contestant securing the largest number of votes during the contest, regardless of where he or she may live.

In addition to the Big Studebaker Car, two other automobiles will be awarded on November 7—a \$1930 Oakland Special Six, with a Dale California Top, and a \$654.75 Chevrolet Touring Car—and 27 other valuable prizes will be awarded.

Never before has an offer of this magnitude been made in Orange county. The opportunity it affords may never come again.

To win one of these fine touring cars is but a matter of ambition. No matter whether you now have or have not an automobile, now is the time to let The Register make you a gift of one free.

Any person residing in the Santa Ana Register territory is eligible to become a contestant. To enter, it is only necessary to fill out and send in the entry blank to be found on the double page ad. in this issue. Once a candidate, the merry pastime of vote gathering begins. You will find it great fun to gather votes, and votes alone will decide the winners of the three automobiles and other magnificent prizes.

It is not even necessary for you to be a subscriber to The Register to become a contestant and a prize winner; nor will it cost you one cent to either now or later. The prizes are free and they will be given to the contestants who secure the most votes according to the rules of awarding of prizes. The rich experience one will gain in this memorable campaign will in itself be worth thousands and thousands of dollars some time. Nowadays ability and energy count. No matter if you are now employed and are busy most of the time, you are invited to enter and can win. The busiest people always make the best candidates, for they are in the habit of doing things.

The campaign will officially run seven weeks, and during that time if you devote an hour or so a day in seeing your friends and acquaintances you will be surprised at the results you accomplish. Remember, in a campaign of this kind your friends and acquaintances are upon application to the contest manager. Either phone, write or call Contest Department, The Register, and the sooner the better. Jump in and get an early start. One of these big automobiles is for you—your husband.

Elliott and Jernigan hurried to the ranch and found Montra in the custody of three or four Spanish-speaking people. They were holding him for the police.

The Mexicans became suspicious of Montra when they saw him secret- ing something in a woodpile. They made an investigation and found that he had cached loot. Montra pretended to be stacking wood and disclaimed any knowledge of the hidden property.

## FEDERAL GROCERIES TO SELL 300,000 SHARES

One concern in Southern California that has apparently weathered the recent business crisis with no bad results, is the Federal Grocery company, operating a chain of 80 retail grocery stores throughout Southern California, known as the Rock Bottom Stores, including several in Orange county.  
At a meeting of the board of directors of this corporation held on Sept. 1, a resolution was passed to pay stockholders of record September 1, a stock dividend of \$70,702 on the common stock, being equal to 50 per cent of the subscribed capital stock on that date. After the payment of this dividend there still remains a surplus equal to 20 per cent of all the subscribed capital stock.  
This corporation has been under the management of J. A. Daley, for the last four years of its operation. Immediately following the payment of the stock dividend, the corporation will offer the balance of its capital stock of 300,000 shares, divided equally between common and preferred, to the public at par. The Federal Grocery company is owned entirely by Southern California stockholders. In addition to its chain of retail stores, it operates a large wholesale house on the Los Angeles Terminal market, and manufactures quite extensively the food products it sells. Its present issued capital stock amounts to approximately \$140,000.

## CHEVROLET MAN IS HERE FOR TRANSFER

Factory Representative Hatch, of the Chevrolet, was in Santa Ana a couple of days this week, incident to the transfer of the agency here from the Reid Motor company to the Pashley Motor Sales company, the agency change being made on Tuesday of this week.  
Fred Schroeder, who is to manage the agency here for Robert R. Pashley of Los Angeles, is well known in Orange county, having formerly been identified with the Chevrolet agency at Anaheim.  
"We are breaking into the harness here rapidly and I already feel like an old timer in this city," declared Schroeder today. "We recognize that our predecessor has built up a fine reputation for service and courtesy and we intend maintaining that reputation strictly. The Chevrolet is popular here, as sales will indicate, and we are anticipating a continuance of that popularity, for we are prepared to extend the same efficient and courteous treatment to patrons as characterized the Reid Motor company."

## HE SAYS CHRISTIAN ETHICS SHOULD BE TAUGHT IN SCHOOLS

(Continued from Page Nine)

10,000,000 ever enter the Bible schools of the church. That leaves 12,000,000 young people coming up with no religious instruction from the church. Then add to those the 7,000,000 of school age who are not in the public schools and we have about 19,000,000 young folks growing up in our country without any instruction in the Bible which is the standard of morality recognized in our country.  
"In Orange county last year there were enrolled about 16,000 in our public schools and only about 7,400 in all the Bible schools of the county. That leaves 8600 in our county not getting any religious training. In Santa Ana 4369 were enrolled in our schools and only 2180 in our Bible schools. Add to these the figures those not in school that are of school age and we have considerable more than half of all the young people around us that are not being given any basis for moral character. Is it any wonder that the whirlwind has broken when we have been sowing the wind so thoughtlessly?"

**Educators' Views**  
"If the Bible is not taught in the public schools it is not the fault of the educators. Their highest gathering, the National Educational association, has spoken often in no uncertain words. In the judgment of this association the Bible should be recognized as the text book on ethics, and the Word of God, that made the free schools should hold an honored place in them."  
"This is a Christian country, so decided by our supreme court. The basis of our laws, customs and business is the Bible. We judge and punish men according to the standards of Bible morality. The authority to judge and punish by any standard involves the right to teach that standard to those who must come under its force."  
"Hence we conclude that the state, for the welfare of the children, for the welfare of society, for the welfare of those who, if neglected, are sure to become criminals; for the peace, prosperity and perpetuity of the state itself should require courses in Christian ethics in every public school based on the teachings of the Bible."

appeared to be proud of the bracelets. He held his hands high and with a broad smile on his face called the attention of other Mexicans to the cuffs.  
On the way to the county jail in an automobile Montra waved his hands gleefully at every Mexican he saw on the streets.  
City Marshal Jernigan concluded that Montra was either mentally unbalanced or signaling to other Mexicans.  
According to Jernigan the Mexicans responsible for Montra's arrest are "California Mexicans" and not regular cholos.  
Montra was chased across the Santa Fe tracks to a point just east of McClay street. There he was surrounded by several Mexican men and women.  
The request of Oakley and Spicer for a license to operate a second-hand furniture store at 409 West Fourth was granted.  
The application of C. W. Boggs for permission to operate a repair garage at 705 South West was referred to Tubbs and Greenleaf.  
Wayne Goble, as advertising manager for the Orange County fair at Huntington Beach, was given permission to string an advertising banner at Fourth and Main.  
Request of Ed Warren for two weeks' vacation pay as engineer at the city water works was denied. Warren was scheduled for a two weeks' vacation starting the first of August. His employment at the water works stopped July 26 and he maintained that in view of the fact that he had worked up to within a few days of the date when his vacation was scheduled to start, he was entitled to pay for the vacation weeks.  
**Council Doings**  
Permission to erect an electric sign at the Young cafe on North Main street was granted.  
Establishment of curb and sidewalk lines on Camille street, from Orange to the P. E. tracks, was ordered, the lines to conform to the wishes of the property owners on the street. The street, from curb to curb, will be narrowed a few feet to avoid removal of walnut trees in the curb.  
Sidewalk and curb were ordered in on Buffalo street on the Buffalo side of a lot fronting on Main street, and in front of two lots on the south side of West Eighteenth street, between Main and Broadway.  
Deputy Health Officer Chandler has notified residents on North Bristol street, between Fifth and Seventeenth, that they must connect with the sewer by October 1. The council last night declared that it would not attempt to re-gravel Bristol and place it in good condition until all connections are made.  
Declaration being made by a member of the council that street corner merchants were getting to be a regular thing on Saturday afternoons, the council last night directed the city clerk not to issue licenses for the corner stands without permission of the board. The

the government order stopping development projects of railroads was received.  
At the time the Salt Lake was active in getting right of way strips between Whittier and Anaheim and in Santa Ana, there was a report that a crew of Salt Lake engineers had surveyed across the O'Neill ranch from a point east of El Toro through Gubernadora and Christinas canyons, south to the San Diego county line.  
The present survey may be nothing more than a prospect survey.  
On the other hand, it may be a survey that will result in negotiations with the Irvine ranch at an early date, for a right of way.  
The interests of the Salt Lake were sold to the Union Pacific several months ago.

paving West Fifth street.  
The question of securing proper fall for sewer on these streets and connection with the outfall system was discussed. City Engineer Hoy and Sewer Superintendent Walter Wray were directed to submit a plan to the council at a later meeting.  
**Noise and Slumbers**  
Can the police force of this city stop produce men from delivering produce at a local place of business as early as 4 o'clock in the morning? This puzzling question was shot at the council by City Marshal Sam Jernigan, following a report that he had abated the alleged nuisance at 307 East Third street, complained of at the meeting of the council last week.  
Last week residents and property owners in the vicinity of French and Third petitioned the council to abate what they declared to be a nuisance. They said trucks and other motor vehicles drove to 307 East Third at 4 o'clock in the morning to transfer produce from one machine to another. Operation of automobiles at the point so early in the morning disturbed residents in their slumbers. It was declared that the noise of running motors, some with mufflers open, continued until 8 a. m.  
Jernigan reported that he had stopped the produce men monopolizing the street.  
The wholesale trucks now deliver their goods to the merchandizing house, the merchandise is taken inside the store and then is taken out again and loaded on retail motor vehicles. It is declared that the quiet peace of the neighborhood is still disturbed.  
Jernigan wanted to know how far he could go legally in preventing the trucks driving up to the place of business. The question remained unanswered.  
Further observation will be made by officers with reference to mufflers being left open and motors operated unnecessarily in the early hours of the morning.

## The most precious thing in the world

Think what this world would be without confidence that the sun would rise tomorrow!  
Without confidence in the order of things, in our fellow men, in our institutions, chaos would reign in the world. There would be no security, no progress, no happiness. Confidence is essential to all that is worth while.  
Years of satisfactory experience with Red Crown gasoline have given the motoring public confidence in "Red Crown." They know that with "Red Crown" in the tank they have high-quality motor fuel, and that from it their engine will deliver its maximum power and mileage.  
"Red Crown" is available at Standard Oil Service Stations, garages, and at other dealers.  
Look for the Red Crown sign before you fill.

At the conclusion of the reading of the poem, L. E. Pratt presented the bridegroom with a big placard "These Doors Closed After 9 P. M." and to the bride he presented a huge rolling pin, significant and formidable domestic article.

Following this came the little niece of Mrs. Melott and her small son, Clarence, dressed as bride and groom. They entered drawing a little wagon draped in white and piled high with beautiful and useful articles for the home.

There were quantities of pyrex, aluminum, granite and tinware for kitchen equipment also spoons, dishes, glasses, table linens, towels and bed linens.

About eighty were present and refreshments of ice cream and cake were served and at a late hour all wished the happy pair many years of "conjugal felicity" and departed for home.

## PLIGHT THEIR TROTH AT HOME WEDDING

TUSTIN, Sept. 13.—Miss Edith Adams, who was married to Ralph J. Carmichael at her brother's home on South Ross street, Santa Ana, Sunday, was a Tustin girl, having lived here nearly all her life. She obtained her education in the grammar school of this place and the Santa Ana high and graduated from the Los Angeles Normal, after which she became a successful teacher of Orange county. The Rev. Mr. McDougall officiated at the ceremony.

Preceding her wedding she received several happy showers, prominent among which was one given by her sister, Mrs. Paul Anderson and Miss Alma Cook, at the home of Mrs. L. A. Cook. The finding of her many useful and valuable gifts by a secret process furnished a great amount of amusement, the last hiding place being a large beet which the directions kindly informed her "couldn't be beat." A delectable two-course luncheon was served, consisting of fruit salad and sandwiches, iced tea and two kinds of cake.

Mrs. Hugh Plumb and Mrs. Chas. Bowman were hostesses at the latter's home in honor of the bride-to-be. Each guest was to bring her thimble and her favorite recipe. The time was spent hemming towels and in a delightfully sociable way enjoying the dainty refreshments of ice cream and cake.

All expressed the high esteem in which the honoree was held and hoped her marriage to be only the beginning of a long, happy life of wedded bliss.

### POOH-POOHS LEGEND OF SCULPTURED ROCK

KLAMATH FALLS, Ore., Sept. 13.—Romance and mystery surrounding the sculptured figure in granite boulder near Crocker lake came to be known romantically as "Our Lady of the Woods," has been exploded by F. L. Miller of Portland.

Miller pooh-poohs the legends and the whispered tragic origin of the rude statue, declaring that he knows it to be scarcely five years old. He states that it was chiseled from the rock in 1917 by Dr. Earl R. Bush, who at that time was in charge of a road workers' shop in the vicinity, and now in the United States health bureau in Cincinnati.

Dr. Bush, Mr. Miller says, amused himself at odd moments in making the statue, his first attempt at sculpture, and completed it in a little less than six weeks.

Since then the statue has attracted some attention in newspaper articles, and among tourists, and various tales of its origin, highly imaginative and romantic, have been circulated, he declares.

ST. AUGUSTINE, Fla., Sept. 13.—Uncle Sam officially has recognized the existence of the huge colony of bats which makes headquarters in the garret of the old postoffice building here, the coquina structure on the plaza known throughout the country as the one-time palace of the Spanish governors of Florida.

Old inhabitants declare the bats are so ancient that they scorch in Spanish, but the federal government apparently does not desire to preserve them as a relic of the Spanish occupation, for it has authorized the postmaster to contract for their eradication.

## Little Children Brighten Homes

EVERY young couple starting out in life has visions of joyful hours spent before the fireside with healthy, happy children; but, alas, how often young women who long for children are denied that happiness because of some functional derangement which may be corrected by proper treatment. Lydia E. Pinkham's Vegetable Compound is just the medicine for these conditions, as the following letters show:

McDonald, Ohio.—"I suffered from a displacement, a weakness, and a great deal of pain. The doctor said nothing would help me but an operation. He said I could never have any children because I was too weak."

"I had often heard of Lydia E. Pinkham's Vegetable Compound, so I tried it and it helped me. Now I am in the best of health, do all of my own work, and have a lovely boy six months old. I recommend your medicine to my friends and you have my permission to use this letter."—Mrs. J. C. EAGLESON, 426 Garfield Ave., McDonald, Ohio.

Mesa, Colorado.—"Ever since I was a young girl I suffered from a great deal of pain every month. I tried different medicines, but only got relief for a short time. I had been married seven years, and wanted a child, but was not well enough. My mother advised me to try Lydia E. Pinkham's Vegetable Compound as it had helped her, and I am happy to say it restored my health, my pains disappeared, and I have a fine little girl. I advise all women who suffer as I did to try Lydia E. Pinkham's Vegetable Compound."—Mrs. F. C. WILMER, Box 94, Mesa, Colorado.

This coupon will count 50 votes when properly filled out and delivered to Contest Department, The Santa Ana Register, on or before the expiration date. Coupons must be neatly trimmed and put in package with number of votes written on top.

### HERE'S THE PLAN IN BRIEF

The object of this Circulation Building Campaign is, two-fold: primarily, to increase the ever-growing subscription list of the Santa Ana Register; to collect in advance subscription payments from present or old subscribers and at the same time afford our friends and readers an unparalleled opportunity to profit, and in a big way, through their spare time during the next few weeks. So, it is the plan that works both ways and to the ultimate good of all concerned.

### How to Enter--What to Do

1.—SEND IN THE NOMINATION BLANK—Enter—2.—CLIP THE 50 VOTE COUPON—Collect all of these you can and get your friends to save them for you. Each coupon counts for 50 votes. 3.—SEND FOR RECEIPT BOOKS—As soon as we receive your entry we will send you a receipt book so that you may take subscriptions. Every paid in advance subscription counts for votes according to the schedule below; 4.—CLIP "FIRST SUBSCRIPTION COUPON"—This coupon, accompanied with any subscription payment for six months or more to the Santa Ana Register counts for 10,000 EXTRA VOTES in addition to the usual number. You do not have to be a subscriber to the Register to compete. 5.—SEE YOUR FRIENDS—Get your friends and acquaintances to subscribe. Also organize them so they will assist you to get subscriptions from their friends. 6.—USE THE TELEPHONE—Call up everyone you know. Tell them you are in the campaign and ask for their support. 7.—ONCE IN, STAY IN—Don't get discouraged or let anyone try to discourage you. Someone will win the big car. Why not you? 8.—GET COMPLETE INFORMATION—Call, write or phone the campaign manager at the Register, Santa Ana, California.

### Here's How to Succeed

It takes votes to win and votes are secured as follows: First, by clipping the coupons appearing in each issue of the Register. Begin gathering them now while they are worth 50 votes each. After next week these coupons will be reduced to 25 votes and the following to only 10 votes and after that they will be discontinued entirely. The only restriction placed upon voting these coupons is that they must be deposited at the Contest Headquarters on or before the date appearing thereon. Get all you can, and get your friends to save them for you too—they are FREE. Another and faster way to get votes is by securing new and renewal subscriptions to the Register. For each subscription turned in a certain number of votes are issued, the number varying according to the amount collected and during which "period" same is received at the Contest headquarters. So you see the more votes you get the better your chances are to earn the grand capital prize.

### RULES AND REGULATIONS

Any reputable man, woman or child residing in Orange County is eligible to become a contestant and earn a prize. The Register reserves the right to reject objectionable nominations.

2.—The winners of all prizes will be decided by votes, said votes being presented by ballots issued for subscription collections and by coupons clipped and by bonus vote offers.

3.—Contestants are not confined to their own particular territory, town, community or district to secure votes and subscriptions, but may take orders anywhere in this section or for that matter anywhere in the state or United States.

4.—Cash must accompany all orders where votes are desired—There will be no exception to this rule. Contestants will be allowed to collect back subscriptions and renewals as well as entirely new subscriptions and votes will be issued on both and in addition bonus votes will be issued on new subscription collections.

5.—Votes are free. Ask for them when paying your subscription, otherwise you will waive the privilege. Votes will not be issued on receipt covering payments made prior to the beginning of the campaign.

6.—Votes cannot be purchased, every cent accepted through the Contest Department must represent a subscription payment, either new or old. No subscription will be accepted for less than six months nor for more than five years in advance from any contestant.

7.—Votes are not transferable. Contestants cannot withdraw in favor of another candidate. Should a contestant withdraw from the race, his or her credits will be cancelled. Neither will it be permissible for a contestant to give or transfer a subscription to another contestant. Votes on such transferred subscription will be subject to disqualification at the discretion of the contest manager.

8.—Any collusion on the part of contestants to the detriment of other candidates or to the Register will not be tolerated. Any contestant or contestants entering into or taking part in such a combination will forfeit all right to a prize or a commission.

9.—All votes issued for subscriptions up to and including the last day may be held in reserve or pooled at the discretion of the candidate or subscriber, subject to the contest manager's decision. No contestant can poll more than 20,000 votes in any 24 hours above the total in the previous published report.

10.—In the event of a tie for any of the prizes, a prize identical in value will be awarded each tying contestant.

11.—Any contestant in this contest is an authorized agent of the Register, and as such may collect arrears, and advance subscription payments from present subscribers as well as from new subscribers.

12.—It is distinctly understood that contestants will be responsible for all monies collected and that they will remit amounts in full each day to the Contest Department of the Register.

13.—There will be several big prizes awarded besides the 20% cash commission to active non-prize winners, but it is to be distinctly understood that in the event any contestant becomes inactive, failing to make a report each week, he or she will be disqualified and thereby forfeit all rights to a prize or a commission.

14.—Prizes will be awarded to winning contestants in each of the two districts as specifically explained in this advertisement.

15.—The Register reserves the right to alter the rules and schedule of this campaign during the competition if necessary for the protection of the interests of both the contestants and the newspaper.

16.—In becoming a contestant or participating in this campaign, contestants agree to abide by all of the above conditions.

### Get Your Receipt Book Today They Are Now Ready

The Santa Ana Register has had printed a large number of subscription receipt books for candidates and their friends, who desire to assist them in their campaign. These books will be delivered or mailed out as fast as nominations are received. Candidates are required to turn in or mail subscription collections not later than every two days to insure prompt delivery of the paper and correct records.

Of course you want to win. That's only natural. So the first thing to do is to have your name registered as a candidate. Then get your receipt books. However, don't wait for your receipt books, but begin telling your friends that you are in the contest and out to win an automobile.

Ask them to save their subscription payment for you. When you get your book then start out actively getting subscriptions. You will be surprised how willing your friends are to help you if you show the proper spirit.

### Advisory Board

Every precaution has been taken to safeguard the interests of participants, and absolute honesty in all dealings is guaranteed. However, not all wisdom lies within any one man or institution, and for that reason, an Advisory Board has been decided upon, whose functions shall be to decide any question of sufficient moment that may arise during the campaign, and from which a committee shall be selected to act as judges and count the votes the last night of the contest. The personnel of this board is as follows:
